

Expertise

Protocol number: 46924620
Order No. / Reference: 26702095
Inspection date: 6 Aug 2026

Manufacturer: Audi
VIN: WAUZZZ4M6PD030943

Model: Q7 55 TFSI quattro tiptronic

ALPHABET

ALPHABET

Vehicle details	
Manufacturer / Type / Model / Equipment	
Audi Q7 55 TFSI quattro tiptronic	
Vehicle Identification number	WAUZZZ4M6PD030943
Mileage (Read)	86,427 km
First registration	30 Jun 2023
Number of holders	1
Next periodical technical inspection	07/2028
(Report on hand)	
Fuel type	Hybrid Petrol / E
Engine displacement / Cylinder	2,995 ccm / 6
Power	250 kW
Gearbox / Number of gears	Automatic / 8
Type of drive	All-wheel drive
Type of vehicle	SUV
Colour / colour code	Samuraigrau Metallic
Doors / Seats	5 / 5
Upholstery type	Leather
Colour of upholstery	Black
Re-import	no
Vehicle with smoke odor	no
readiness to drive	Roadworthy

Vehicle details

Maintenance booklet / proof	digital proof / complete	Next maintenance in	12,200 km
Last service on / at	07/2026 at 85,964 km		
Key is / should be	2 / 2	FZG documents	ZB#2 (B) was available (copy), ZB#1 (S) was not available.
		Letter No.	GV245811
Previous damage / Accident	Detectable	Repainting	Detectable
Inspection conditions	sufficient	Lifting equipment / pit	yes
Test drive	Not performed	Engine function test	Performed
readiness to drive	Roadworthy		
Manufacturer key number/ type code number	0588 / BRC 01841		
Emission standard	EURO6	fine dust sticker	
Permitted total weight	2,800 kg	Empty weight	

Tyres

Mounted tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	285/45 R20 112Y	Summer tyres on Light alloy	Goodyear	6mm / 6mm
2)	285/45 R20 112Y	Summer tyres on Light alloy	Pirelli	5mm / 5mm

Additional tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	255/55 R19 111H	Winter tyres on Light alloy	Bridgestone	5mm / 5mm
2)	255/55 R19 111H	Winter tyres on Light alloy	Bridgestone	6mm / 6mm

Replacement

Typ	Tyre size	Type of tyre	Manufacturer	Tread depth
	Tirefit	Expiration date 04/2028		

Legend: Tread depth information for the left tire is listed first, for the right tire it is listed second on the axle in the direction of travel.

Equipment

Standard equipment

- "quattro" all-wheel drive with self-locking center differential (permanent all-wheel drive with asymmetric-dynamic torque distribution via self-locking center differential and wheel-selective torque control. The mechanically operated locking function is designed for excellent driving dynamics and distributes the drive torque to the front and rear axles without delay. This results in outstanding traction and directional stability. The wheel-selective torque control, integrated into the ESC, gently brakes the inside wheels during sporty cornering, thus increasing the drive torque to the outside wheels.)
- 48-volt electrical system (The 48-volt electrical system enables fuel consumption advantages through the use of a belt-driven starter-generator with higher electrical output and provides a basis for further electrification of the vehicle with high-performance chassis systems.)
- Audi connect Emergency Call & Service with Audi connect Remote & Control (The package includes the Audi connect services from the following categories: - Emergency Call & Service: ensures a safe feeling on every journey Emergency call Online breakdown call Audi damage service Audi service appointment online - Remote & Control: connects the vehicle to the smartphone Parking position Vehicle status Remote control Locking/unlocking Remote control Auxiliary heater Push notification Anti-theft alarm system)
- Audi pre sense front (Audi pre sense front uses data from the front camera and calculates the probability of a rear-end collision. Within the system's limits, it can warn of impending collisions depending on the situation and speed, and initiate appropriate braking. The system is active from approximately 5 km/h. Pedestrians and cyclists can be detected at speeds up to approximately 85 km/h, and vehicles at speeds up to 250 km/h.)
- Black roof rails
- Camera-based traffic sign recognition (Camera-based traffic sign recognition assists the driver by displaying traffic signs detected within the system's limits, such as speed limits, in the instrument cluster. The system includes camera-based detection and display of no-overtaking zones and speed limits, including temporary speed restrictions (e.g., on highways).)
- Central locking with remote control (locking and unlocking of the doors, luggage compartment and fuel filler flap. Drive authorization is granted without actively using the key (keyless go). The driver must be in the vehicle and have the key with them. The engine is started and stopped via the engine start/stop button in the center console.)
- Electrically adjustable, heated and folding exterior mirrors (including curb view function for the passenger-side exterior mirror with integrated LED indicator, including heated windshield washer nozzles, aspherical mirror glass. The curb view function tilts the passenger-side mirror downwards when reverse gear is engaged, giving the driver a better view of the curb.)
- Airbag for driver and front passenger (with front passenger airbag deactivation)
- Airbag: Front side airbags and head airbag system (front side airbags integrated into the seatbacks; with additional head airbag system: in the case of an optional rear seat, this deploys in front of the side window area from the first to the 3rd row of seats (without a 3rd row of seats only up to the 2nd row of seats) and thus protects front and outer rear passengers in the event of a side impact)
- Anti-lock braking system (ABS)
- Audi connect Navigation & Infotainment (Online Points of Interest - Online Traffic Information Plus - Online Traffic Sign Information - Hazard Information - Weather Information - Calendar Access - myAudi Navigation - Wi-Fi Hotspot - Online News - On-Street Parking - Navigation with Google Satellite Map - Online Search for Navigation Destinations - Online Voice Input - Amazon Alexa Integration - Highly Detailed 3D City Display - Online Media Streaming - Online Radio - Hybrid Radio - User Profiles)
- Audi drive select (adjusts the vehicle characteristics in the available modes auto, comfort, dynamic, efficiency, allroad, offroad and individual by adjusting the steering assistance, engine characteristics or shift points, adaptive dampers and setting other optional equipment. The efficiency mode puts the engine, transmission, climate control and the optional adaptive cruise control into a fuel-saving basic setting.)
- Audi virtual cockpit with 12.3" color display (Innovative, fully digital instrument cluster for flexible and needs-based display of relevant information according to driver requirements: speed/RPM, map display, radio/media information, etc.; the VIEW button on the multifunction steering wheel allows switching between two different-sized displays of the round instruments. The display with smaller instruments enables large, clear graphics of the on-board computer and MMI content)
- Bumpers: Bumpers (front and rear bumpers, door trim strips and wheel arch trims in matte structure grey - inserts in the door trim strips with quattro embossing and front and rear underbody protection in matte selenite silver)
- Child safety lock (electric child safety lock for the rear doors)
- Comfort automatic climate control 2-zone (separate temperature distribution for driver and front passenger side - rear compartment air conditioning via air vents in the rear center console - defroster nozzles for windshield and side windows - combined pollutant and fine dust filter)
- Control buttons in glossy black with haptic feedback and extended aluminum look (control button strip and light buttons in black glass look, control button and light button strip with haptic feedback; light button strip including proximity sensor; control buttons for driver assistance systems, buttons for parking brake and auto hold in aluminum look.)

- Electromechanical power steering (maintenance-free rack and pinion steering with speed-sensitive power steering; precise steering feel at high speeds, excellent parking assistance)
- First aid kit with warning triangle
- Front center armrest (for driver and front passenger, foldable, with storage compartment under the center armrest)
- Front headrests
- Fuel tank (75 liters)
- Glazing: Green tinted heat-insulating glazing (heated rear window with timer)
- Glazing: Windscreen in heat-insulating glazing
- Interior element top with contrast stitching (instrument panel top including head-up display bezel (if ordered) in black with contrast stitching in rock grey)
- Interior mirror with automatic dimming, frameless design (black version)
- Lane Departure Warning (within system limits, helps prevent unintentional lane departures. If the system is activated and ready, and the driver has not used the turn signal, the Lane Departure Warning helps prevent crossing detected lane markings by making corrective steering interventions. Additional steering wheel vibration can be set at the driver's request. Operating range from approximately 60 to a maximum of 250 km/h)
- LED rear lights (indicator, brake, tail, reversing and rear license plate lights in LED technology. - Brake lights in LED technology enable earlier detection by following traffic due to faster activation)
- Manual cargo cover
- MMI touch response (The two high-resolution touch displays of the Multi Media Interface (MMI) are used to display and operate the infotainment and vehicle functions: - 10.1-inch color display (1,540 × 720 pixels) for controlling navigation, media and vehicle functions - 8.6-inch color display (1,280 × 660 pixels) for controlling the climate control and comfort functions as well as an input field for handwriting recognition. The operation of the touch displays is similar to that of a smartphone via gestures.)
- Paint finish: Carrara white
- Parking aid plus with surround view (acoustic and visual parking aid front, side and rear to assist with parking and maneuvering by measuring with 12 ultrasonic sensors. A selective visual display shows the distance to detected objects in the upper display, depending on the current steering angle and the direction of travel. Optionally, activation occurs automatically as soon as the vehicle approaches a detected obstacle at a speed of less than 10 km/h).
- Radio accessories: Audi sound system (10 speakers, including center speaker in the dashboard and subwoofer in the spare wheel well - 6-channel amplifier - total output 180 watts)
- Rear seat bench/backrest split-folding (backrest foldable in a 35:30:35 ratio or fully foldable (flat loading floor) - including backrest tilt adjustment in a 35:30:35 ratio - including ISOFIX child seat attachment and Top Tether for all 3 seats)
- Roof spoiler including 3rd brake light
- Cruise control including speed limiter (The cruise control maintains the desired speed from 20 to 250 km/h by adjusting engine power or by actively applying the brakes, provided engine and braking performance allow. It is operated via a separate steering column stalk, including a display of the set speed in the driver information system. The speed limiter helps to prevent exceeding a preset maximum speed.)
- Decorative inlays: Diamond lacquer silver grey (for dashboard, door panels and center console)
- Door sills with aluminum inlay (front and rear)
- Electronic immobilizer (integrated into engine control unit, activated by vehicle key)
- Electronic Stability Control (ESC)
- Exterior mirror housings painted in body color
- Fabric headliner
- front and rear floor mats
- Front seat heating (heats the center section of the seat and backrest as well as the side bolsters of the front seats - the seat heating for the driver and front passenger seats can be individually adjusted in three stages via the lower MMI touch response display - with the seat climate balance function, the ratio of the heating of the seat backrest and seat surface can be individually regulated via MMI touch response)
- Interior lighting (front and rear roof module, including reading lights (capacitively switched) - illuminated vanity mirrors for driver and front passenger - entry lights on the underside of the front/rear doors - front/rear door handles - glove compartment - front/rear footwell lighting - right/left trunk lighting - approach lighting from the tailgate)
- ISOFIX and Top Tether child seat attachment (for the seats of the 2nd row; standard bracket for the practical attachment of ISOFIX child seats; with additional attachment point (Top Tether))
- LED headlights (daytime running lights in LED technology - low beam in LED technology - high beam in LED technology - position lights in LED technology - turn signals in incandescent bulb technology - all-weather lights in LED technology)
- MMI Navigation plus with MMI touch response (10.1-inch color display - Audi virtual cockpit with 12.3-inch color display - 8.6-inch FD including MMI touch - online map updates - online traffic information plus - 3D map display - personal route assistant - MMI search - MMI touch for quick, intuitive operation - easy infotainment operation via natural language interaction - detailed route information - input of up to 10 waypoints - includes the entire Audi connect portfolio)
- Non-smoking version (without ashtray in the front center console - one 12-volt socket each in the front and rear)
- Otto particulate filter
- Partition net (can be attached to the vehicle body or to the folded-down rear seat backrest; very helpful with the rear seat backrest raised, folded down on one side, or folded down completely; removable)
- Radio accessories: Audi music interface (2 USB-C ports with charging and data function for playing music from a portable storage medium)

- Seat covers: Leather/artificial leather mono.pur 550 combination (for standard front seats without seat ventilation: - Center section of the front seats and both outer rear seats, as well as the driver's side side bolster in the entry area, embossed in leather - Side bolsters, headrests, front and rear center armrests, and middle rear seat in artificial leather mono.pur 550 - Both seats in the 3rd row (if ordered) in artificial leather mono.pur 550)
- Steering wheel: Leather steering wheel in 3-spoke design with multifunction (with paddle shifters)
- Sun visor with illuminated makeup mirror on driver and passenger side
- Telephone: Bluetooth interface (Bluetooth-enabled mobile phones can be connected to the vehicle via the interface; hands-free calling in the vehicle via microphone. Includes Bluetooth audio streaming (depending on mobile phone compatibility).)
- Transmission: 8-speed automatic transmission tiptronic (8-stage automatic transmission with dynamic shift program (DSP) and sport program - optional manual operation via shift paddles on the multifunction leather steering wheel or by tapping the selector lever)
- Wheel: Alloy wheels, 5-arm (8 J x 18 with tires 255/60 R 18)
- Wheel: Tire repair kit (12V compressor and tire sealant, located under the load floor cover in the luggage compartment, maximum speed 80 km/h)
- Radio accessories: Digital radio reception (DAB) (in addition to the analog station offerings, reception of digitally broadcast radio stations according to the DAB standard, including DAB+ and DMB Audio. Display of program-related information (e.g., artist and title, depending on the respective radio station's provision) as well as additional information in the form of a slideshow (e.g., cover art and weather) - additional radio station offerings - high reception quality - additional information such as radio text and image display - electronic program guide)
- rear window wiper
- Seats: Standard front seats (electric adjustment of seat height, seat longitudinal position and backrest angle including electric 4-way lumbar support - with manual adjustment of headrest height)
- Start-stop system (helps reduce fuel consumption and CO2 emissions by switching off the engine during stationary phases, e.g. at traffic lights. Restart is initiated when the foot brake is released. Can be deactivated at any time via a button.)
- Steering column, manually adjustable in height and axis
- Vehicle tool kit
- Wheel: Tire pressure monitoring system (visual and audible warning in case of pressure loss in one or more wheels)

Extra equipment

- Rear airbag (side airbags) (as a supplement to front side airbags and head airbag system)
- Towing device (Towing device with electrically swiveling ball head; ball head and rod made of forged steel; operation via push button in the luggage compartment; the integrated, swiveling system socket allows continuous operation of electrical devices in the trailer or caravan while driving; trailer stabilization via the electronic stability control (ESC).)
- Decorative inlays: Aluminum spectrum (for dashboard, door panels and center console)
- Deletion of model designation and performance/technology lettering
- Chassis: Adaptive air suspension (electronically controlled air suspension with continuously adaptive damping system at all four wheels; automatically adjusts vehicle level and damping depending on load. Various modes selectable via Audi drive select. Trim levels at rest: +60 mm in "raise" (or "lift"), +25 mm in "allroad"/"offroad", +/- 0 mm in "auto"/"comfort", -15 mm in "dynamic!", -30 mm at highway level (from 160 km/h in "auto"/"dynamic", not manually selectable))
- Headrests: variable headrests for front seats (with manual adjustment of headrest height and distance)
- Fuel tank (85 liters)
- Paint finish: Metallic
- Tour Assistance Package (Adaptive Driving Assistant - Adaptive Speed Assistant - Speed Limiter - Efficiency Assistant - Turning Assistant - Evasive Steering Assistant - Emergency Assistant)
- Black Optics Package (adds black accents to the exterior, including the Audi Singleframe grille, the trim strips on the side windows, the side door inserts, and the front and rear bumpers. The roof rails are finished in black).
- Panoramic glass roof (2-part, electric operation for tilting and opening the front glass element, tinted glass insert; including an electrically operated sunshade for the front and rear passengers, comfort closing from the outside via the vehicle key; ensures a pleasant, light-flooded interior, improved interior climate through efficient ventilation)
- Wheel: Audi new car tire warranty (36-month term from vehicle handover to the first customer)
- Wheel: Audi Sport light alloy wheels, 10-Y-spoke, black, diamond-turned (9 J x 20 with tires 285/45 R 20)
- Reversing camera (The reversing camera displays the area behind the vehicle on the upper screen. Dynamic display elements, such as a steering angle-dependent lane calculation, assist with parking and maneuvering. The reversing camera is discreetly integrated into the tailgate handle. It can be activated by engaging reverse gear, via a button in the center console, or a button on the upper screen, provided the distance indicator is displayed.)
- All-wheel steering (enhances driving dynamics and comfort by providing additional steering capability to the rear axle. At low speeds, this results in increased agility and maneuverability of the vehicle. The turning circle and road width are reduced by the rear axle steering in the opposite direction to the front axle. At higher speeds, responsiveness is improved by steering in the same direction.)
- Electrically adjustable, heated, and folding exterior mirrors, automatically dimming on both sides with memory function (with integrated LED turn signals and curb view function for the passenger-side exterior mirror; aspherical mirror glass, including heated windshield washer nozzles. The passenger-side exterior mirror tilts downwards when reverse gear is engaged, providing the driver with a better view of the curb).
- High beam assist (within the system's limits, it automatically detects oncoming headlights, taillights of other road users, and built-up areas. Depending on the traffic situation, the high beam is automatically switched on or off.)
- Comfort key with sensor-controlled luggage compartment unlocking including electric luggage compartment cover (The vehicle can be opened by operating the door handle without actively using the key; to lock the vehicle, simply touch one of the sensor buttons is sufficient; the luggage compartment lid can be unlocked using the luggage compartment button on the comfort key or with a foot gesture (kick movement) at the rear; the engine is started and stopped via the engine start/stop button in the center console; stainless steel loading sill protector; electric luggage compartment cover)
- Package: Business Package (4-zone automatic climate control (not available on Q7 TFSI e models) - Adaptive windscreen wipers with integrated washer nozzles - Assistance Package Tour: Adaptive Driving Assistance, Adaptive Cruise Assist, Speed Limiter, Efficiency Assist, Turn Assist, Evasive Steering Assist, Emergency Assistance, Audi phone box, Automatically dimming exterior mirrors, High-beam Assist (not available on Q7 60 TFSI e and SQ7 TFSI), Comfort center armrest, Comfort key, Rearview camera, Power closing for the doors)
- Wheel: Winter wheels, alloy wheels, 5-spoke star design (8 J x 19 with tires 255/55 R 19 - suitable for snow chains - maximum permissible speed 210 km/h)
- Seat covers: Cricket leather (ventilated seat: perforated center section of the front seats and non-ventilated center section of the two outer rear seats, seat side bolsters, middle rear seat, front of headrest center section, front and rear center armrests - both seats of the 3rd row (if ordered) in mono.pur 550 synthetic leather, color-matched to the upholstery of the front seats and the 2nd row)

- Seats: Rear bench seat plus (The seats in the second row can be individually adjusted manually in a 35:30:35 ratio for length and backrest angle. The 3 seats of the rear bench seat can be folded down in a 35:30:35 ratio (flat load floor). Rear center armrest including 2 cup holders. The two outer seats additionally include a folding mechanism. ISOFIX and Top Tether child seat anchors are included for all 3 seats.)
- Seats: Electrically adjustable front seats including memory function for both front seats
- Auxiliary heater/ventilation (The auxiliary heater warms the interior and defrosts the windows without starting the engine; the auxiliary ventilation supplies fresh air and lowers the interior temperature; with timer and departure time programming (an intelligent control system calculates the heating duration in a time- and energy-efficient manner); separate radio remote control with illuminated display; 2 selectable heating modes: "defrost" (defrost mode for the windows only) and "warm" (warming mode for additional preheating of the interior))
- Seats: Front seat ventilation (The active seat ventilation regulates the temperature of the seat surface. Even at high outside temperatures, it ensures a comfortable seating climate. For ventilation, air is drawn in through the perforated leather of the seat and backrest center section of the driver and front passenger seats. The seat climate balance function allows the ventilation of the seat back and seat surface to be individually adjusted.)
- Front and rear seat heating (heats seat and backrest center section as well as seat side bolsters; individually adjustable in multiple stages for driver and front passenger side, additionally for the outer rear seats; separately adjustable)
- Bumpers: Bumpers in full paint finish (front and rear bumpers, door trim strips and wheel arch trims in body color - inserts in the door trim strips with quattro embossing and front and rear underride protection in matt selenite silver)
- Phone: Audi Phone Box
- Glazing: Sun protection glazing, tinted (rear window, rear door and side windows tinted)

Brief expert findings

Documents submitted	At the time of the inspection, the vehicle registration certificate Part 2 (title) was available, but the vehicle registration certificate Part 1 (document) was not. (Copy)
VIN comparison	The vehicle identification number (VIN) was read from the vehicle and its conformity with the submitted documents was confirmed by the undersigned during the inspection.
Inspection	The inspection conditions were sufficient for the assessment of the vehicle. Lifting equipment and/or a pit were available for examining the vehicle.
Test drive	No test drive/shunting maneuver was carried out during the inspection of the vehicle.
Engine function test	An engine test run was performed.
readiness to drive	The vehicle was roadworthy at the time of inspection.

Value reducing factors

No.	Component group	Description
1	Front bumper	Air-inlet grille - Deformed - Replace

Wear and tear

No.	Component group	Description
1	Vehicle glazing	Windscreen with lane departure assistant - Stone chips - No deduction
2	Rear bumper	Bumper with Parktronic (Ladekante) - Scratch(es) - No deduction

The vehicle shows signs of wear and tear commensurate with its age and use.

Previous damages

No.	Previous damage	Extent of damage (Net)
1	Front, Provided by user / customer, from 4 Jun 2026	2.229,66 €

Repainting

No.	Repainting
1	Bonnet, Professionally carried out

Paint coat thickness measurement

Bonnet

262 µm |

Order/Scope of Order

An order was placed to prepare a sales report for the described vehicle. This report includes the following:

- Description of key vehicle information
- Documentation of equipment features
(*Delivery by third-party service providers*)
- Documentation of damage, defects, missing parts
- Documentation of prior damage, unrepaired prior damage, repainting
- A brief visual or functional inspection of the equipment details, if possible.
(*Functional testing of driver assistance systems is not included in the scope of services!*)
- a photographic documentation of the vehicle

Basis for the order

This product is based on the guidelines for vehicle returns and valuations published by Alphabet Fleet GmbH. The expert makes the specific findings in each individual case objectively, within the framework of the prescribed standards, based on their own expertise.

The vehicle inspection takes place in a fully assembled, unassembled state.

Damage or defects that can only be detected during disassembly/diagnostic work or through further investigation remain within the realm of prognostic risk. An increased risk exists due to concealed defects caused by fraudulent misrepresentation and which were not identifiable by the expert.

Damage or defects resulting from normal use or wear and tear of the vehicle will be accepted in accordance with the applicable standard.

There was no explicit identification or monetary consideration of the expected features within the product.

Features which, in their nature and extent, slightly exceed normal use but do not constitute unacceptable damage, will be documented and indicated as signs of wear, if applicable.

Damage or defects that, according to the applicable standard, can no longer be attributed to normal use or wear and tear are listed under "Value Reducing Factors" in the product description.

Depending on the product specification, a monetary ID can be provided. If this takes place, the costs can be 100% d or pro rata depending on the vehicle's age and mileage.

Previous damages

According to available information previous damages were repaired at the vehicle. Traces of repairs, which allow conclusions about the area of repair, were not recognizable during the inspection.
