Expertise

Protocol number: 48085430
Order No. / Reference: 26954343
Inspection date: 13 Oct 2026

Manufacturer: Audi	Model: A3 35 TDI Sportback S tronic S line
VIN: WAUZZZGY5PA135179	

Vehicle details

Manufacturer / Type / Model / Equipment	
Audi A3 35 TDI Sportback S tronic S line	
Vehicle Identification number	WAUZZZGY5PA135179
Mileage (Read)	52,446 km
First registration	21 Sept 2023
Number of holders	1
Next periodical technical inspection (Report on hand)	09/2028
Fuel type	Diesel
Engine displacement / Cylinder	1,968 ccm / 4
Power	110 kW
Gearbox / Number of gears	Automatic / 7
Type of drive	Front drive
Type of vehicle	Car hatchback
Colour / colour code	Daytonagrau Perleffekt
Doors / Seats	5 / 5
Upholstery type	Cloth / leather combination
Colour of upholstery	Black
Re-import	no
readiness to drive	Roadworthy

TÜV SÜD Auto Partner GmbH
Wiesenring 2

Inspection location
Hartmann Compound Professionals
Arnoldschacht 9-11
44894 Bochum

Vehicle details

Maintenance booklet / proof	digital proof / complete	**Next maintenance in**	28,600 km
Last service on / at	09/2026 at 51,110 km		
Key is / should be	2 / 2	**FZG documents**	ZB#2 (B) was available (copy), ZB#1 (S) was not available.
		Letter No.	GV198689
Previous damage / Accident	None detectable	**Repainting**	None detectable
Inspection conditions	sufficient	**Lifting equipment / pit**	yes
Test drive	Not performed	**Engine function test**	Performed
readiness to drive	Roadworthy		
Manufacturer key number/ type code number	0588 / BZQ 01950		
Emission standard	EURO6	**fine dust sticker**	
Permitted total weight	1,965 kg	**Empty weight**	

Tyres

Mounted tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	225/45 R17 91Y	Summer tyres on Light alloy	Bridgestone	5mm / 5mm
2)	225/45 R17 91Y	Summer tyres on Light alloy	Bridgestone	5mm / 5mm

Additional tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	205/55 R16 91H	Winter tyres on Light alloy	Pirelli	6mm / 6mm
2)	205/55 R16 91H	Winter tyres on Light alloy	Pirelli	6mm / 6mm

Replacement

Typ	Tyre size	Type of tyre	Manufacturer	Tread depth
	Tirefit	Expiration date 04/2027		

Legend: Tread depth information for the left tire is listed first, for the right tire it is listed second on the axle in the direction of travel.

Equipment

Standard equipment

- Airbag for driver and front passenger
- Anti-lock braking system (ABS)
- Traction control ASR
- Audi pre sense front
- Evasive steering assist and turning assist
- Roof edge spoiler S
- Decorative strips in black glass look
- Digital instrument cluster - fully digital instrument cluster in 10.25 inches
- Electric auxiliary air heater
- Electromechanical parking brake
- Electronic Stability Control (ESC)
- Electric windows front and rear
- front and rear floor mats
- Speed limiter
- Heated rear window
- Interior lighting
- i-Size child seat attachment and top tether for the outer rear seats
- Light and rain sensor
- Wheel: Alloy wheels - 17 inch - 5-spoke
- Tire pressure monitoring system
- Headlight
- 3-point automatic seat belts
- Seats: Rear seat backrest foldable
- Start-stop system
- 12V socket
- Electronic immobilizer
- Airbag: Front side airbags with head airbag system and front interaction airbag
- Audi connect emergency call & service m.connect remote & control
- third brake light
- Decorative inlays in silk-effect lacquer, platinum grey
- Additive-free diesel particulate filter (DPF)
- Rear parking sensors
- Door sill trims with aluminum inlay at the front, illuminated, with S lettering
- Electronic Differential Lock (EDS)
- Chassis: Sport chassis
- Remote key (without Safe-Lock)
- Removable luggage compartment cover
- Transmission: S tronic 7-speed
- rear window wiper
- Electrically operated child safety lock
- Rear headrests (3)
- Front headrests
- Non-smoking version
- Radio: MMI Radio plus
- Tire repair kit
- Electromechanical power steering
- Seats: Standard front seats
- Lane Departure Warning
- 12-volt power outlet in the rear
- Glazing: Green tinted thermal insulation glazing
- Central locking with remote control

Extra equipment

- Adaptive driving assistant with emergency assist
- Airbags: Front and rear side airbags with head airbag system and front interaction airbag (The so-called interaction airbag deploys between the front seats, providing protection for the driver and front passenger occupants in the event of a side impact within the system's limits. In a side collision, this largely mitigates the impact between the two front occupants and the front passenger seat when driving alone, thus reducing the risk of injury.)
- Ashtray at the front and cigarette lighter (cigarette lighter - removable ashtray with lid)
- Audi drive select (allows the desired vehicle characteristics to be set in various available modes via a separate control element in the switch panel of the center console and via the MMI operating system. This includes adjustments to the steering assistance, engine characteristics or shift points (in vehicles with S tronic), driving dynamics control, and other standard systems. If ordered, optional equipment is also adapted to the selected mode.)
- black roof rails
- Business package (USB ports with charging function in the rear - Audi connect Navigation & Infotainment plus - Audi phone box - Audi virtual cockpit plus - Smartphone interface (Android Auto and Apple CarPlay) - MMI Navigation plus with MMI touch - Cruise control)
- Camera-based traffic sign recognition (Supports the driver by displaying traffic signs detected within the system's limits, such as speed limits, no-overtaking zones, and temporary speed restrictions, which are within the detection range of the front camera. The traffic sign recognition is displayed automatically in the digital instrument cluster or in the optional Audi virtual cockpit.)
- Comfort key without Safelock in conjunction with electric tailgate (The vehicle can be unlocked wirelessly at all doors and the tailgate. The comfort key simply needs to be carried and does not need to be actively used. The vehicle can be locked again using the sensors on the door handles. The engine is started and stopped using the engine start/stop button. The tailgate can be conveniently unlocked and closed with a foot gesture (kick movement) at the rear.)
- Deletion of model designation and performance/technology lettering
- Exterior mirror housings in black
- Glazing: Sun protection glazing, tinted (rear window, rear door and side windows tinted)
- Hold assist (holds the vehicle after stopping on inclines and declines typical in road traffic for an unlimited time).
- Interior mirror, automatically dimming, frameless
- 2-zone automatic climate control (electronically regulates air temperature, volume and distribution - separate temperature distribution for driver and front passenger side - with sun position-dependent control - automatic recirculation control - dust and odor separating allergen filter - air vents in the rear center console - separate defroster button for faster defrosting of the front and side windows)
- Adaptive cruise control (assists with acceleration, braking, and maintaining speed and distance. The adjustable speed limiter helps, for example, to prevent exceeding a preset maximum speed within built-up areas from approximately 30 km/h. Audi pre sense front uses a front radar to detect the area in front of the vehicle within the system's limits and warns of potential hazards with visual and audible signals.)
- Ambient Lighting Package Plus (Glove box lighting (incandescent bulb), LED trunk lighting (right side), front/rear roof module including reading lights (LED), illuminated vanity mirrors (LED), entry lights on the underside of front doors (LED), front footwell lighting (LED), entry lights on the underside of rear doors (white), dashboard contour lighting (multicolor), ambient door lighting (front/rear, multicolor), door contour lighting (front/rear, multicolor), center console storage compartment (multicolor))
- Audi pre sense basic (within the system's limits, it initiates preventive safety measures for the occupants by networking and coordinating different vehicle systems. In unstable driving conditions, the front seat belts are electrically tightened. Depending on the situation, the windows close. The hazard warning lights are activated to warn following traffic.)
- Comfort opening of the tailgate (The tailgate opens electrically after unlocking and can also be closed again at the touch of a button. Closing the tailgate is just as easy and convenient as opening it, using the button on the inside of the tailgate, the vehicle key button, or the button in the driver's door. The soft-close function makes manual closing easier when necessary. In areas with low ceilings, the opening angle of the tailgate can be limited.)
- Electrically adjustable, heated and folding exterior mirrors, automatically dimming on both sides (with integrated LED turn signal and curb view function for the passenger-side exterior mirror - mirror glass left aspherical, right convex - including heated windshield washer nozzles)
- Front seat heating (heats seat and backrest center section (standard seats in fabric), otherwise seat and backrest center section as well as seat side bolsters - individually adjustable in 3 stages for driver and front passenger via direct selection button on the climate control unit)

- Lane change warning with exit warning and rear cross-traffic alert (The lane change warning system uses two radar sensors to measure the distance and speed difference of vehicles approaching from behind. The system warns the driver of a potential hazard when changing lanes by displaying an indicator on the respective exterior mirror. If the driver activates the turn signal to initiate a lane change, the indicator flashes as an additional warning. The system operates at speeds between approximately 15 km/h and 250 km/h and can be activated via the MMI car menu.)
- Matrix LED headlights, LED taillights and headlight cleaning system (The matrix LED headlights include: dynamic turn signals, daytime running lights, low beam, high beam, position lights, cornering lights, all-weather lights (to reduce glare in poor visibility conditions), maneuvering lights (illuminating the maneuvering area in front and to the sides when reversing), motorway lights, automatic dynamic headlight range control, static cornering lights (supplementing lateral illumination in tight curves), dynamic light sequence for the coming home/leaving home function.)
- Package: Black Optics Package Plus (Black optics package with Audi rings front and rear and model designation on the rear in black. On the S model, the model designation in the radiator grille is also finished in black)
- Paint finish: Daytona Gray Pearl Effect
- Parking assistant with parking aid plus (Using ultrasonic sensors, the system searches for suitable parallel or perpendicular parking spaces. For perpendicular spaces, the system calculates the parking path (forwards and backwards); for parallel spaces, it calculates the entry and exit paths. The driver must accelerate, shift gears, and brake, as well as monitor the parking process. The system handles the steering. Within the system's limits, the surround view displays warnings of obstacles around the vehicle, depending on the driving path. Multi-stage parking maneuvers are supported.)
- Phone: LTE support for Audi phone box
- Radio accessories: Audi sound system (10 speakers, including center speaker and subwoofer, total output 180 watts, 6-channel amplifier.)
- Seat covers in Puls fabric/mono.pur 550 synthetic leather combination with S embossing (center section of the front and both outer rear seats in Puls fabric - side bolsters, headrests, middle rear seat and front center armrest (if ordered) in mono.pur 550 synthetic leather - with rock grey contrast stitching and S embossing in the backrests of the front seats)
- Seats: 4-way lumbar support (electrically adjustable, horizontally and vertically)
- Seats: Front seats electrically adjustable (with electric adjustment of seat height, seat longitudinal position, seat and backrest tilt)
- Storage and luggage compartment package (lockable glove compartment - storage compartment on driver's side - storage net on the back of the front seatbacks - comfort cupholder - 12-volt socket in the trunk - luggage compartment net - second luggage compartment light on the left in LED (only for A3 Sportback))
- Head-up display (On request, the speed and other driver-relevant information from optional equipment such as assistance systems and navigation, as well as warning messages, are projected into the driver's direct field of vision - The multi-color display enables a high-contrast presentation - The projection surface of the discreetly integrated head-up display in the instrument panel is adjustable in height and brightness)
- Progressive steering (increases driving dynamics and driving comfort through more direct steering response (e.g. on winding country roads or when turning) and reduced steering effort (e.g. when parking and maneuvering); impressive driving characteristics thanks to a steering ratio dependent on the steering angle and speed-dependent steering assistance, adjustable via Audi drive select (auto/comfort/dynamic))
- Reversing camera (captures the area behind the vehicle within the system limits. The display is adjusted according to the steering angle using dynamic display elements in the MMI touch display. The user can choose between perpendicular parking and trailer modes. Depending on the selected mode, the calculated driving lane or a guide line for coupling a trailer is displayed, also dependent on the steering angle. The reversing camera is activated by engaging reverse gear or via a button in the center console.)
- S line interior package (S tronic) (front sport seats with manual adjustment of seat height, seat fore/aft position, seat tilt, backrest tilt and seat belt height, as well as headrests; fabric Puls/mono.pur 550-K synthetic leather; 3-spoke leather steering wheel with multifunction plus and shift paddles including leather steering wheel grips; front and rear door armrests in synthetic leather; aluminum spectrum dark decorative inlays; illuminated front door sill trims with aluminum inlays and S lettering; black fabric headliner; front center armrest; stainless steel floor mats, pedals and footrest)
- Seats: Rear seat backrest foldable (three-part), with center armrest (split in a 40:20:40 ratio or fully foldable; with center armrest and cupholders)
- Steering wheel: Leather steering wheel in a 3-spoke design with multifunction plus and shift paddles (The steering wheel's height and reach are manually adjustable. For convenient operation of the extensive standard and optional infotainment features, the steering wheel is equipped with twelve multifunction buttons. Shift paddles allow manual gear changes.)
- Telephone: Audi Phone Box (universal Bluetooth interface - convenient, integrated hands-free system - coupling antenna for connecting the mobile phone to the external antenna for improved reception quality - reduced radiation in the vehicle interior - LTE support - charging option via USB port or wireless charging (Qi standard) - forget-to-use warning - charging status indicator in the MMI touch display - connection of a second mobile phone)

- Wheel: Audi new car tire warranty (36-month term from vehicle handover to the first customer)

- Telephone: Smartphone interface in conjunction with MMI Navigation plus with MMI touch (The smartphone interface (Android Auto and Apple CarPlay) connects your smartphone to your Audi and seamlessly displays your smartphone content directly on the MMI display. Navigation, telephony, music, and selected third-party apps can be conveniently controlled via the MMI touch display and voice control. The connection can be established either using a suitable USB cable or wirelessly.)

Brief expert findings

Documents submitted	At the time of the inspection, the vehicle registration certificate Part 2 (title) was available, but the vehicle registration certificate Part 1 (document) was not. (Copy)
VIN comparison	The vehicle identification number (VIN) was read from the vehicle and its conformity with the submitted documents was confirmed by the undersigned during the inspection.
Inspection	The inspection conditions were sufficient for the assessment of the vehicle. Lifting equipment and/or a pit were available for examining the vehicle.
Test drive	No test drive/shunting maneuver was carried out during the inspection of the vehicle.
Engine function test	An engine test run was performed.
readiness to drive	The vehicle was roadworthy at the time of inspection.

Wear and tear

No.	Component group	Description
1	Mudguard - left side	Mudguard - left side - Stone chips - No deduction

The vehicle shows signs of wear and tear commensurate with its age and use.

Order/Scope of Order

An order was placed to prepare a sales report for the described vehicle. This report includes the following:

- Description of key vehicle information
- Documentation of equipment features
  (Delivery by third-party service providers)
- Documentation of damage, defects, missing parts
- Documentation of prior damage, unrepaired prior damage, repainting
- A brief visual or functional inspection of the equipment details, if possible.
  (Functional testing of driver assistance systems is not included in the scope of services!)
- a photographic documentation of the vehicle

Basis for the order

This product is based on the guidelines for vehicle returns and valuations published by Alphabet Fleet GmbH. The expert makes the specific findings in each individual case objectively, within the framework of the prescribed standards, based on their own expertise.

The vehicle inspection takes place in a fully assembled, unassembled state.

Damage or defects that can only be detected during disassembly/diagnostic work or through further investigation remain within the realm of prognostic risk. An increased risk exists due to concealed defects caused by fraudulent misrepresentation and which were not identifiable by the expert.

Damage or defects resulting from normal use or wear and tear of the vehicle will be accepted in accordance with the applicable standard.

There was no explicit identification or monetary consideration of the expected features within the product.

Features which, in their nature and extent, slightly exceed normal use but do not constitute unacceptable damage, will be documented and indicated as signs of wear, if applicable.

Damage or defects that, according to the applicable standard, can no longer be attributed to normal use or wear and tear are listed under "Value Reducing Factors" in the product description.

Depending on the product specification, a monetary ID can be provided. If this takes place, the costs can be 100% d or pro rata depending on the vehicle's age and mileage.

Previous damages

No apparent prior damage that had been repaired could be found on the vehicle.
