No issues reported or indicated

Valuable Information

Requires attention

Data unavailable

Damage overview

✓ No issues reported

Our data shows **no damage or accident records** for this vehicle.

Keep in mind

CARFAX only reflects information that's been reported to us.

While having no reported damage is a positive sign, it's still important to take a close look at the vehicle during your test-drive:

- Small details can sometimes hint at past repairs. Keep an eye out for paint inconsistencies or uneven panels.
- Don't hesitate to ask the seller for additional details or service documentation.

Recommended maintenance

Default schedule

Provided by CARFAX Europe

Vehicle age

7 years, 10 months

Routine maintenance is essential for preserving a vehicle's reliability.

Critical past due service tasks

These service tasks are expected based on the vehicle age. Verify if they were completed.

Before buying, ask the seller:

- Are service records available?
- Were the following services performed?

 **Engine oil and oil filter** **due 7 times**
Change every year

 **Brake fluid** **due 3 times**
Change every 2 years

Costly upcoming service tasks

Before buying, confirm whether:

- Any of the upcoming maintenance tasks are already completed.
- You've accounted for related costs in your future budget.

 **Brake discs and pads**
Inspect yearly, replace as needed

 **Tires**
Inspect yearly, replace as needed

CARFAX tips

Keeping up with scheduled servicing is a strong indicator that the vehicle has been well cared for and is in good overall condition.

Mileage Check

✓ **No issues indicated:** The reported odometer readings have a logical progression. There are no indications of manipulation. Unfortunately, we cannot guarantee this, so we always recommend critically questioning the odometer readings, e.g. on signs of wear, the number of oil changes, or the average kilometers driven per year.

Carfax glossary

CO2 Emissions

CO2 is an abbreviation for carbon dioxide, a gas that is emitted from a vehicle as a result of fuel combustion. The quantity of carbon dioxide released in the exhaust gases is a good measure of the amount of fuel a car is burning. That quantity is measured by the number of grams of CO2 released into the air for every kilometer that is driven.

Model year

This term is defined by the manufacturer but it is typically the year the vehicle is built. If the model year does not appear on the CARFAX report, it is because the manufacturer did not include this information in the VIN. Model year can normally be determined by the vehicle age.

Number of records

A CARFAX record refers to a specific incidence and date in the history of the vehicle. Please note that the history of younger vehicles tends to have fewer entries. CARFAX continuously works on getting more data sources and historical information in order to enrich the report

Quick check

A snapshot of the information CARFAX has abstracted from our extensive database to determine whether a vehicle has been reported stolen, reported scrapped, publicly imported or ever used for non-personal purposes. This summary is based upon all the information supplied to CARFAX from various sources. Additional information about this vehicle, including these potential problems, may exist and may not have been reported to CARFAX.

Vehicle reference

User-provided value to identify the vehicle during the CARFAX Vehicle History Report retrieval process and to confirm vehicle identity on the report itself.

How to use this report

This history is based on data reported to us and available upon request. Gaps and errors cannot be excluded. Use CARFAX in combination with a test drive and inspection by experts. We process personal data only in accordance with applicable regulations. Conclusions on owners are not possible at any time. Read more in our [Terms and conditions](#).
