

Expertise

Protocol number: 46713755
Order No. / Reference: 26783049
Inspection date: 24 Jul 2026

Manufacturer: Audi

Model: e-tron 55 quattro advanced

VIN: WAUZZZGEXPB023977

Vehicle details	
Manufacturer / Type / Model / Equipment	
Audi e-tron 55 quattro advanced	
Vehicle Identification number	WAUZZZGEXPB023977
Mileage (Read)	57,725 km
First registration	13 Apr 2023
Number of holders	1
Fuel type	Electric
Power	158 kW
Gearbox / Number of gears	Direct drive / 1
Type of drive	All-wheel drive
Type of vehicle	SUV
Colour / colour code	Mythos-schwarz Metallic (Y9T)
Doors / Seats	5 / 5
Upholstery type	Cloth
Colour of upholstery	Black-Anthraxite
Vehicle with smoke odor	no
readiness to drive	Roadworthy

Vehicle details

Maintenance booklet / proof	digital proof / complete	Next maintenance in	6,700 km
Last service on / at	09/2025 at 51,473 km		
Key is / should be	2 / 2	FZG documents	ZB#2 (B) was available (copy), ZB#1 (S) was not available.
		Letter No.	GP939226
Previous damage / Accident	None detectable	Repainting	None detectable
Inspection conditions	sufficient	Lifting equipment / pit	yes
Test drive	short drive on the company premises	Engine function test	Performed
readiness to drive	Roadworthy		
Manufacturer key number/ type code number	0588 / BSL 00186		
Emission standard	2017/1151	fine dust sticker	
Permitted total weight	3,170 kg	Empty weight	

Tyres

Mounted tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	255/55 R19 111H	Winter tyres on Light alloy	Pirelli	6mm / 6mm
2)	255/55 R19 111H	Winter tyres on Light alloy	Pirelli	5mm / 5mm

Additional tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	255/50 R20 109H	Summer tyres on Light alloy	Bridgestone	4mm / 3mm
2)	255/50 R20 109H	Summer tyres on Light alloy	Bridgestone	4mm / 4mm

Replacement

Typ	Tyre size	Type of tyre	Manufacturer	Tread depth
	Tirefit	Expiration date 02/2028		

Legend: Tread depth information for the left tire is listed first, for the right tire it is listed second on the axle in the direction of travel.

Equipment

Standard equipment

- Airbag for driver and front passenger (with front passenger airbag deactivation)
- Acoustic vehicle warning system (generating a warning tone to increase traffic safety for pedestrians and cyclists)
- All-wheel drive: Quattro (In conjunction with the electric drive system, rapid and demand-based distribution of drive power to the individual wheels is possible. Driving dynamics: Acceleration and increased starting responsiveness ensure sporty driving characteristics. Traction: Improved thanks to an anti-slip control system. Safety: Increased driving stability and directional stability. Efficiency: Increased through demand-based control of drive torque and improved recuperation by utilizing the friction potential on both axles.)
- Audi connect Emergency Call & Service with Audi connect Remote & Control (The package includes the Audi connect services from the following categories: - Emergency Call & Service: ensures a safe feeling on every journey Emergency call Online breakdown call Audi damage service Audi service appointment online Online Car Care - Remote & Control: connects the vehicle to the smartphone Parking position Vehicle status and driving data Remote control Locking/unlocking Remote control Charging Remote control Climate control Push notification Anti-theft alarm system)
- Audi virtual cockpit with 12.3" color display (fully digital instrument cluster for flexible display of driver-selected information: speed/RPM, map display, Audi connect services, radio/media information, etc. The Audi virtual cockpit is operated via the multifunction steering wheel. Navigation map displayed as a 3D terrain model on the high-resolution 12.3-inch full HD color display; navigation information is permanently displayed in the speedometer area when route guidance is active; includes break recommendations).
- Exterior mirror housings painted in body color
- third brake light
- Parking aid plus with surround view (acoustic and visual parking aid front and rear. A selective visual display shows the distance to detected objects around the vehicle on the upper display. The virtual lane guidance also provides lateral guide lines, which are calculated based on the currently selected steering angle, thus supporting comfortable parking maneuvers. Measurement is carried out by 8 ultrasonic sensors integrated into the bumper.)
- Remote key (locks and unlocks doors, luggage compartment and loading flap - starts and stops the engine via the engine start/stop button - includes comfort closing/opening of windows)
- Cruise control including speed limiter (The cruise control maintains the desired speed from 20 to 200 km/h by automatically braking and accelerating. The speed limiter is operated normally with the accelerator pedal, but is limited to the set speed. It is operated via a separate steering column stalk, including a display of the set speed in the driver information system.)
- rear window wiper
- Airbag: Front side airbags and head airbag system (front side airbags integrated into the seatbacks; with additional head airbag system: deploys in front of the side window area and thus protects front and outer rear passengers in the event of a side impact)
- Anti-lock braking system (ABS)
- Audi connect Navigation & Infotainment (Navigation with Google Satellite Map, Online Destination Search, Online Voice Input, Amazon Alexa Integration, 3D City View, On-Street Parking, Online Radio, Hybrid Radio, User Profiles, Points of Interest, Online Traffic Information Plus, Online Traffic Sign Information, Online Media Streaming, Hazard Information, Weather Information, Calendar Access, e-tron Route Planner, Wi-Fi Hotspot, Online News)
- Audi pre sense basic (In critical driving situations such as emergency and dangerous braking or situations at the limits of driving dynamics, Audi pre sense basic initiates preventive protection measures. These include: tightening the front and outer rear seat belts, optimizing the seating position, initiating the closing process of the windows and the panoramic glass roof (if ordered as an option), and high-frequency activation of the hazard warning lights to warn other road users.)
- Audi pre sense front (If an imminent frontal collision is detected, the system warns the driver visually, audibly, and haptically, and can initiate brake force assistance or full deceleration if necessary to reduce speed or, if possible, avoid the collision. Furthermore, protective measures for the occupants are initiated: activation of the hazard warning lights, tightening of the seat belts, optimization of the seat position, and activation of the closing process of the panoramic glass roof (if ordered) and the windows).
- Electrically adjustable and heated exterior mirrors (with integrated LED turn signals, including heated windshield washer nozzles)
- Vehicle tool kit
- Decorative inlays: Fine lacquer graphite grey
- Door sill trims with aluminum inlay front and rear, unlit (without lettering)
- Electronic Stability Control (ESC)
- Chassis: adaptive air suspension (electronically controlled air suspension with continuously adaptive damping system at all 4 wheels automatically regulates vehicle level and damping including level control and manual lift function; setting of various modes via Audi drive select)
- front and rear floor mats
- Removable luggage compartment cover
- Electrically opening and closing tailgate (opening via button on the vehicle key, button in the driver's door panel or soft-touch button in the handle recess on the tailgate - closing via the button on the inside of the tailgate, with closing aid and programmable opening angle of the tailgate)
- Transmission: 1-speed direct drive
- Heated rear window

- Interior mirror with automatic dimming, frameless
- ISOFIX child seat anchors for front passenger seat
- ISOFIX child seat attachment and Top Tether for the rear seat
- Comfort automatic climate control 2-zone (separate temperature distribution for driver and front passenger side - rear compartment air conditioning via air vents in the rear center console - defroster nozzles for windshield and side windows - combined pollutant and fine dust filter)
- Charging cable with household plug (mains connection cable (length 1.6 m) with household plug type E/F)
- Charging cable with industrial plug CEE 16A / 400V/6 h/ long + straight (mains connection cable (length 1.6 m) with industrial plug CEE 16 A 3-phase, red, straight version)
- Mode 3 charging cable (charging cable for charging at public AC charging stations (Type 2). The cable connects the charging station to the vehicle's AC charging port and enables a charging capacity of up to 22 kW (requires additional optional equipment). A current of up to 32 A can be transmitted per phase.)
- e-tron compact charging system (Designed for charging at wall sockets, a so-called Mode 2 charging system. It consists of a control unit with a vehicle connection cable and two different mains connection cables (with household and industrial plugs) - Manual switching between 100% and 50% charging power - Status indication of the charging system and charging process via LEDs - Charging power up to 11 kW (three-phase) or 7.3 kW (single-phase) (depending on the supplied industrial plug and market-specific power grid characteristics))
- front center armrest
- On-board charger up to 11 kW (AC) (The Audi e-tron can be charged with a maximum alternating current (AC) charging capacity of up to 11 kW as standard. The on-board charger integrated into the vehicle sets the AC charging capacity, which is limited to 11 kW. The AC/DC converter converts alternating current (AC) to direct current (DC) during the charging process to charge the high-voltage battery.)
- Progressive steering (increases driving dynamics and driving comfort through more direct steering behavior (e.g. on winding country roads or when turning) as well as through reduced steering effort (e.g. when parking and maneuvering) - impressive driving characteristics through a steering ratio dependent on the steering angle and speed-dependent steering assistance, adjustable via Audi drive select)
- Radio: MMI Radio plus with MMI touch response (10.1-inch color display - Audi virtual cockpit with 12.3-inch color display - 2 USB-C ports with data and charging function - Bluetooth interface (hands-free calling and audio streaming) - separate MMI touch control unit with 8.6-inch color display for controlling climate control functions - AM/FM phase diversity - 10 speakers - speed-dependent volume adjustment)
- Radio accessories: Audi sound system (6-channel amplifier - total output 180 watts - 10 speakers including center speaker - subwoofer)

- Interior lighting (front and rear roof module, including reading lights (capacitively switched) - illuminated vanity mirrors for driver and front passenger - entry lights on the underside of the front/rear doors - front/rear door handles - glove compartment - front/rear footwell lighting - right/left trunk lighting - approach lighting from the tailgate)
- Headrests (2) height adjustable
- CCS Type 2 charging socket (charging access to the high-voltage battery with Combined Charging System Type 2 (CCS2)). The DC charging access enables high-power charging. Additionally, the charging access offers the possibility of automatic authentication via Plug & Charge. Activation of charging processes at public charging stations is based on a previously concluded electricity contract by the customer. An RFID card is therefore not necessary at charging stations that support Plug & Charge; the functional information is provided via Audi connect.
- Standard charging cable length (The vehicle cable connects the control unit of the charging system to the vehicle and has a length of 4.5 m for the compact charging system)
- LED headlights with preparation for additional lighting functions and LED taillights (LED headlights provide daylight-like illumination of the road, thus increasing safety and comfort. The headlights have the following functions: - Daytime running lights - Low beam - High beam - Position lights - Turn signals - All-weather lights (to reduce glare in poor visibility conditions) - LED taillights)
- Steering wheel: Double-spoke leather steering wheel with multifunction and paddle shifters (paddle shifters allow manual changing of the driving modes. Steering wheel trim in aluminum look.)
- Package: Gloss (roof frame and window channel strips in anodized aluminum)
- Plug and Charge (enables automatic authentication when charging at compatible charging stations/collecting points). The following are prerequisites for the automatic authentication of a Plug and Charge-enabled vehicle with the Plug and Charge function at compatible charging stations/collecting points: - existing contract with the e-tron Charging Service - Plug and Charge-enabled Audi e-tron model - prior activation in the myAudi app by the main user - activation of "over the air" - compatible charging station/collecting point)
- Wheel: Alloy wheels, 20" 5-arm (9 J x 20, 255/50 R20 tires)
- Radio: MMI Navigation plus with MMI touch (in addition to MMI Radio plus with the following features: - Navigation system on the high-resolution 10.1-inch color display - Audi virtual cockpit with 12.3-inch color display including navigation map display - Online map updates - 3D map display - Efficiency assistant - Online traffic information plus - MMI search - MMI touch - Detailed route information - Includes a selected portfolio of Audi connect Navigation & Infotainment)
- Radio accessories: Audi music interface (2 USB interfaces with charging and data function for playing music from a portable storage medium)
- Radio accessories: Digital radio reception (DAB)

- Tire pressure monitoring system (visual and audible warning in case of pressure loss in one or more wheels, display in the driver information system)
- Tire repair kit
- Rear seat backrest foldable (split, in a 40:20:40 ratio or fully foldable; rear center armrest one-piece and foldable with storage compartment)
- Safety belts (with belt height adjustment and belt fastening control)
- Front seats (standard seats) (with manual adjustment of seat height, seat longitudinal position, backrest angle, headrest and seat belt height)
- Front sun visor
- Lane Departure Warning (within system limits, helps prevent unintentional lane departures. If the system is activated and ready, and the driver has not used the turn signal, the Lane Departure Warning helps prevent crossing detected lane markings by making corrective steering interventions. Additional steering wheel vibration can be set at the driver's request. Operating range from approximately 60 to a maximum of 250 km/h)
- 12-volt sockets (three 12-volt sockets (front, rear and trunk))
- First aid kit with warning triangle (warning triangle - first aid kit - 2 high-visibility vests)
- Glazing: Front window in acoustic glazing (heat-insulating glass)
- Electronic immobilizer (integrated into engine control unit, automatic activation via vehicle key)
- Wheel bolts with anti-theft protection and wheel loosening detection (wheel bolts can only be loosened using the supplied adapter - wheel loosening detection recognizes loosening of the wheel bolts and gives a warning message in the driver information system)
- Headlight cleaning system (works with water and high pressure, for better luminosity and good visibility through reduced scattering)
- Seat covers in fabric effect (seat center panels in black fabric effect - seat side bolsters, headrests, front center armrest and door panel inserts in solid black fabric)
- Seats: Front seats manually adjustable (with manual adjustment of seat height, seat longitudinal position, backrest angle, headrest and seat belt height)
- Stationary climate control (cools or heats the interior as needed before starting the journey for perfect climate comfort right from the moment you get into the vehicle. Stationary climate control can be programmed or activated in the MMI or conveniently via the smartphone app, regardless of whether the vehicle is charging at the time or not. A short climate control cycle can be started when unlocking the vehicle with the remote key.)
- Advanced bumper in contrasting paint finish
- Partition net (to be attached to the body or to the folded-down rear seat backrest, helpful whether the rear seat backrest is upright, folded down on one side, or folded down completely; removable)
- Glazing: Side and rear windows in heat-insulating glass (green tinted; rear window heated, with timer)
- Central locking

Extra equipment

- Towbar (removable and lockable; ball rod and head made of forged steel, the 13-pin socket can be swivelled invisibly behind the bumper apron, the removed towbar fits in the spare wheel well; trailer stabilization via ESC)
- Increased heating performance (use of two high-voltage heaters for improved heating performance. Faster heating of the interior in very cold temperatures. Additional heating of the battery to ensure charging readiness in very cold temperatures)
- Comfort key including sensor-controlled luggage compartment unlocking (access and engine start authorization without having to actively use the vehicle key. The luggage compartment lid can also be conveniently locked and unlocked with a foot gesture by kicking the rear. For this, only the comfort key needs to be carried. The engine is started and stopped using the engine start/stop button.)
- Tour Assistance Package (Adaptive Driving Assistance supports the driver with acceleration, braking, maintaining speed and distance, and lane keeping. Adaptive Cruise Control including speed limiter. Efficiency Assist supports the driver in anticipatory and therefore fuel-efficient driving. Evasive Steering Assist helps the driver steer the vehicle around an obstacle in a critical situation. Turn Assist. Emergency Assist. Camera-based speed limit display/traffic sign recognition.)
- Reversing camera (image of the area behind the vehicle displayed on the MMI screen. Dynamic display elements such as a steering angle-dependent lane guidance assist with parking and maneuvering. The reversing camera is discreetly integrated into the tailgate handle. Activation is achieved by engaging reverse gear, via a button in the center console, or a button on the upper screen, provided the distance indicator is displayed.)
- Stationary climate control comfort (cools or heats the interior to a desired temperature before driving, ensuring climate comfort from the moment you enter the vehicle. Additionally, seat heating and ventilation, steering wheel heating, and glass surface heating can also be activated before driving if these optional features have been selected. Programmable or activatable via MMI or smartphone app, regardless of whether the vehicle is charging at the time.)
- Telephone: Smartphone interface (The smartphone interface (Android Auto and Apple CarPlay) connects your smartphone to your Audi and seamlessly displays your smartphone content directly on the MMI display. Navigation, telephony, music, and selected third-party apps can be conveniently controlled via the MMI touchscreen and voice control. The connection can be established either using a suitable USB cable or wirelessly.)
- Electrically adjustable and heated exterior mirrors with memory function (with integrated LED indicators and heated windscreen washer nozzles)
- Aluminum roof rails
- 4-zone automatic climate control (in addition to the 2-zone automatic climate control: - Separate temperature setting and air distribution for front/rear left and right - Air outlet nozzles in the B-pillar - Rear climate control unit with touch operation - Efficient climate zone control possible through occupant detection - Automatic recirculation operation through air quality sensor and sun position-dependent control - Allergen filter - Residual heat utilization - Personalization)
- Paint finish: Metallic
- AC charging access (passenger side) (The optional AC charging access offers the shortest possible route from the charging station or socket to the vehicle's charging access point in any parking situation. It allows the same charging power as the AC charging access on the driver's side.)
- Package: Storage and luggage compartment (2 cup holders in the rear center armrest - storage compartment in the spare wheel well - side nets in the trunk - luggage net for transporting items (luggage spider))
- Wheel: Audi new car tire warranty (36-month term from vehicle handover to the first customer)
- Seats: Electrically adjustable front seats with memory function for driver's seat (with electric adjustment of seat height, seat longitudinal position, seat tilt, backrest tilt - electric 4-way lumbar support - 2 memory locations for the electrically adjustable driver's seat and the exterior mirrors)
- Front seat heating (heats seat and backrest center section, also seat side bolsters with leather upholstery and sports seats, individually adjustable in multiple stages for driver and passenger side)
- Telephone: Audi Phone Box (Up to two smartphones can be paired with the vehicle simultaneously via Bluetooth, allowing you to play music through the vehicle or make phone calls from either smartphone. The universal smartphone holder connects to the vehicle's antenna, improving both reception and call quality. The smartphone can also be charged wirelessly using the Qi standard or via USB.)
- Glazing: Sun protection glazing, tinted (rear window, rear door and side windows tinted)

Brief expert findings

Documents submitted	At the time of the inspection, the vehicle registration certificate Part 2 (title) was available, but the vehicle registration certificate Part 1 (document) was not. (Copy)
VIN comparison	The vehicle identification number (VIN) was read from the vehicle and its conformity with the submitted documents was confirmed by the undersigned during the inspection.
Inspection	The inspection conditions were sufficient for the assessment of the vehicle. Lifting equipment and/or a pit were available for examining the vehicle.
Test drive	A short maneuvering and shunting exercise was carried out on the company premises.
Engine function test	An engine test run was performed.
readiness to drive	The vehicle was roadworthy at the time of inspection.

Value reducing factors

No.	Component group	Description
1	Door - rear right side	Door edge - Scratch(es) - Smart repair
2	Wing mirror - left side	Cap - Scratch(es) - Smart repair
3	Mudguard - right side	Mudguard - right side - Scratch(es) - Smart repair
4	Mudguard - right side	Wheel well extension - Scratch(es) - Smart repair
5	Body	B-pillar - right side - Scratch(es) - Smart repair
6	Side panel - rear left side	Side panel - Scratch(es) - Smart repair
7	Front bumper	Spoiler (rechts + Rammschutz) - Scratch(es) - Paint
8	Rear bumper	Rear bumper (Oben+unten+Spoiler ersetzen) - Scratch(es) - Paint

Wear and tear

No.	Component group	Description
1	Bonnet	Bonnet - Stone chips - No deduction
2	Wheel / tyres	Alloy rim - front right side - Scratch(es) - No deduction
3	Wheel / tyres	Alloy rim - front left side - Scratch(es) - No deduction
4	Trim / covers	Boot lid - interior trim - Scratch(es) - No deduction

The vehicle shows signs of wear and tear commensurate with its age and use.

Order/Scope of Order

An order was placed to prepare a sales report for the described vehicle. This report includes the following:

- Description of key vehicle information
- Documentation of equipment features
(*Delivery by third-party service providers*)
- Documentation of damage, defects, missing parts
- Documentation of prior damage, unrepaired prior damage, repainting
- A brief visual or functional inspection of the equipment details, if possible.
(*Functional testing of driver assistance systems is not included in the scope of services!*)
- a photographic documentation of the vehicle

Basis for the order

This product is based on the guidelines for vehicle returns and valuations published by Alphabet Fleet GmbH. The expert makes the specific findings in each individual case objectively, within the framework of the prescribed standards, based on their own expertise.

The vehicle inspection takes place in a fully assembled, unassembled state.

Damage or defects that can only be detected during disassembly/diagnostic work or through further investigation remain within the realm of prognostic risk. An increased risk exists due to concealed defects caused by fraudulent misrepresentation and which were not identifiable by the expert.

Damage or defects resulting from normal use or wear and tear of the vehicle will be accepted in accordance with the applicable standard.

There was no explicit identification or monetary consideration of the expected features within the product.

Features which, in their nature and extent, slightly exceed normal use but do not constitute unacceptable damage, will be documented and indicated as signs of wear, if applicable.

Damage or defects that, according to the applicable standard, can no longer be attributed to normal use or wear and tear are listed under "Value Reducing Factors" in the product description.

Depending on the product specification, a monetary ID can be provided. If this takes place, the costs can be 100% d or pro rata depending on the vehicle's age and mileage.

Previous damages

No apparent prior damage that had been repaired could be found on the vehicle.

Comments

Der montierte Winterradsatz ist kein Bestandteil der Ausstattung.
