

Expertise

Protocol number: 46792405
Order No. / Reference: 26623541
Inspection date: 28 Jul 2026

Manufacturer: Mercedes-Benz
VIN: W1KEG1BB0RF054582

Model: EQE 300 Electric Art

Vehicle details	
Manufacturer / Type / Model / Equipment	
Mercedes-Benz EQE 300 Electric Art	
Vehicle Identification number	W1KEG1BB0RF054582
Mileage (Read)	128,111 km
First registration	29 Feb 2024
Number of holders	1
Next periodical technical inspection	02/2027
(Report not on hand)	
Fuel type	Electric
Power	109 kW
Gearbox / Number of gears	Direct drive / 1
Type of drive	Rear drive
Type of vehicle	Saloon car
Colour / colour code	OBSIDIANSCHWARZ - METALLICLACK
Doors / Seats	4 / 5
Upholstery type	Artificial leather
Colour of upholstery	Black
Re-import	no
Vehicle with smoke odor	no
readiness to drive	Roadworthy

Vehicle details

Maintenance booklet / proof	digital proof / complete	Next maintenance in	586 Tag(e)
Key is / should be	2 / 2	FZG documents	ZB#2 (B) was available (copy), ZB#1 (S) was not available.
		Letter No.	HB177457
Previous damage / Accident	Detectable	Repainting	None detectable
Inspection conditions	sufficient	Lifting equipment / pit	yes
Test drive	Not performed	Engine function test	Performed
readiness to drive	Roadworthy		
Manufacturer key number/ type code number	2222 / BIN 01417		
Emission standard	2017/1151	fine dust sticker	
Permitted total weight	2,975 kg	Empty weight	

Tyres

Mounted tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	255/45 R19 104W	Winter tyres on Light alloy	Vredestein	7mm / 7mm
2)	255/45 R19 104W	Winter tyres on Light alloy	Vredestein	6mm / 6mm

Additional tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	255/45 R19 104Y	Summer tyres (Without wheel rim)	Goodyear	6mm / 6mm
2)	255/45 R19 104Y	Summer tyres (Without wheel rim)	Bridgestone	4mm / 4mm

Replacement

Typ	Tyre size	Type of tyre	Manufacturer	Tread depth
	Tirefit	Expiration date 04/2029		

Legend: Tread depth information for the left tire is listed first, for the right tire it is listed second on the axle in the direction of travel.

Equipment

Standard equipment

- ABS - Anti-lock Braking System
- Airbag for driver and front passenger
- Airbag: Automatic passenger airbag deactivation (The system automatically deactivates the passenger airbag as soon as it detects a rear-facing child seat or registers that the passenger seat is unoccupied. A transponder in the child seat is not necessary. If it detects that an adult is taking the seat, the airbag is automatically activated, reducing the risk of incorrect operation.)
- Ambient lighting (Stage the interior according to your personal preference or current mood. The 64 colors of the ambient lighting create fascinating color worlds that change dynamically or illuminate several areas in different colors.)
- Black fabric headliner
- Brake Assist, active (radar-based driver assistance system with mono camera functions: -distance warning -collision warning -autonomous emergency braking, which is activated after the dynamic warning if a collision is imminent -situation-appropriate brake support as soon as the driver brakes -intervention time settings: early, medium and late; if the emergency braking exceeds certain acceleration values, functions of the PRE-SAFE system can also be activated)
- Charging system: Direct current charging system (DC charging) (For optimal charging speed with a maximum of 200 kW* and therefore high convenience. Fast charging stations such as IONITY supply the direct current required for your high-voltage battery. Thus, the DC charging system provides a long-distance-capable range in the shortest possible time.)
- Cruise control
- Decorative elements with fine textured black finish
- Electronic Stability Program (ESP)
- Flex-Bottleholder (With the Flex-Bottleholder, your drinks are always within easy reach and can be securely placed in the center console. The practical, large double cupholder holds two bottles or cups with a volume of up to 770 ml.)
- Instrument panel and door edges in ARTICO space grey imitation leather (with NEOTEX grain and double decorative stitching)
- LED High Performance headlights (low beam in LED reflection technology - high beam in LED reflection technology - signal light with trifunctional torch for daytime running light, position light and direction indicator in LED technology - adaptive full-LED taillights)
- Mercedes-Benz Emergency Call System (can provide a crucial time advantage in an emergency. A communication module with its own SIM card automatically triggers an emergency call upon detection of an accident, which can shorten the time until emergency services arrive. The emergency call can also be triggered manually to organize assistance.)
- Acoustic Surrounding Protection (To ensure that your electric vehicle does not become a danger to pedestrians and cyclists during almost silent driving, the Acoustic Surrounding Protection generates Mercedes-Benz specific sounds outside the vehicle up to a speed of approximately 30 km/h. It distinguishes between forward and reverse driving.)
- Airbag: Kneebag for driver
- Airbag: Windowbag all around
- ATTENTION ASSIST (the attention assistant) (detects signs of fatigue via steering behavior and can warn the driver of impending microsleep)
- Center console in high-gloss black
- Charging cable for wallbox and public charging station, 5m, smooth 11kW (This charging cable, also called Mode 3 cable, allows you to charge the vehicle battery at the wallbox or at public charging stations with up to 11 kW (Type 2, 3-phase, 16 A).)
- Charging system: AC charging system 11kW (More flexibility: With the powerful AC charging system, you can charge your plug-in hybrid quickly and easily with up to 11 kW (3-phase) or 7.4 kW (1-phase). In addition to a wallbox at home, you can also connect your vehicle to a variety of public charging stations. These usually supply alternating current – just like conventional sockets.)
- Chassis: Comfort chassis
- Climate: Pre-conditioning (Enjoy your ideal climate right from the start. Simply set the time and temperature in advance – via Mercedes me or on the head unit. Heating or cooling the interior while charging also helps maintain battery power when starting the car.)
- Door center panels and transition from the center console to the instrument panel in ARTICO man-made leather (black)
- Door sills with "Mercedes-Benz" lettering
- DYNAMIC SELECT (With DYNAMIC SELECT, you can choose between the driving programs ECO, COMFORT, SPORT and INDIVIDUAL. The SPORT mode mobilizes the vehement power of the electric drive even more spiritedly. Regardless of the driving program, you can adjust the regenerative braking using the steering wheel shift paddles.)
- Front headrests are height-adjustable
- Heat pump (Increase the range of your electric vehicle, especially in cold temperatures. The heat pump efficiently uses the waste heat from the electric drive and the high-voltage battery to heat the interior. This significantly reduces the need for battery power for heating, giving you greater range.)
- Heated windshield washer system (with heated windshield washer nozzles and heated washer hoses)
- High-visibility vest for drivers
- LED taillights in 3D helix design (with light strip at the rear)

- Navigation accessories: Pre-installation for navigation services (Wherever you go, you're always well-informed. Your vehicle answers your questions about your journey. You can find out the number of currently available parking spaces or the current weather. This makes trip planning even easier. Helpful extra: The digital logbook automatically records your journeys upon request.)
- Navigation: Hard disk navigation (Save time with fast hard disk navigation and flexible input via touch or voice control. The 3D displays of landmarks are also a visual treat. The intelligent system reliably guides you to your destination, accessing both local and up-to-date online information.)
- Package: Display (Driver display with 12.3-inch (31.2 cm) screen diagonal, LCD with LED matrix backlighting - OLED central display with 12.8-inch (32.5 cm) screen diagonal and haptic feedback - Fingerprint scanner in the control bar below the central display - MBUX multimedia system CONNECT 20 Premium)
- Pre-installation for remote and navigation services (The world of Mercedes me offers many services for your electric comfort experience. With navigation and active range monitoring, you receive corresponding range security, including necessary charging stops. The route calculation takes into account the current consumption, route profile, and checks whether the desired charging station is available.)
- PRE-SAFE System (The PRE-SAFE System utilizes the time before an impending accident. A variety of measures can reduce the stresses that occur. The innovative PRE-SAFE Sound generates a noise from the speakers and can trigger a natural protective reflex. This protects the inner ear by dampening the noise of the accident.)
- Radio accessory: Communication module (5G) for use with Mercedes me connect (The communication module transmits larger data volumes at high speed. The term "Advanced" refers to a particularly powerful mobile communications standard. You always benefit from this Turbo LTE, for example through even faster information flow in the many Mercedes me comfort services or Car-to-X communication.)
- Radio: MBUX multimedia system (instrument display with 17.78 cm (7") diagonal - media display with 17.78 cm (7") diagonal and touch function - touch control buttons on the steering wheel - radio (FM/AM) - USB interface in the center console under the armrest - Bluetooth telephony with contact transfer and audio streaming of music files - display of vehicle functions (driver assistance systems, driving programs and vehicle settings) - favorites storage - smartphone-related voice control)
- Remote and Extended Charging Services Premium (The Remote and Extended Charging Services Premium connect you to your vehicle. You can locate it and control its functions remotely. With Mercedes me Charge, you can charge your vehicle at many public charging stations with maximum cost transparency and centralized billing. Also included: 1 year of free fast charging at IONITY stations.)
- Navigation accessories: Pre-installation for Live Traffic Information (Arrive at your destination stress-free, via the best route, and faster. Live Traffic Information receives more precise and up-to-date traffic data in real time than conventional systems and optimizes dynamic route guidance. Whether during rush hour or on a journey: You can react to many situations and easily bypass traffic jams and stop-and-go traffic.)
- Navigation: MBUX Navigation Premium (hard drive navigation - high-resolution navigation with satellite view - live traffic information and Car-to-X communication - fast online route calculation - map data updates: via Mercedes me connect with automatic over-the-air update via USB stick at a Mercedes-Benz dealer - navigation services: local search, online search, ads)
- Package: Interior lighting package
- Package: Parking package with reversing camera (Active Parking Assist with PARKTRONIC detects free parking spaces as you drive past. Once a parking space is selected, you can confidently park thanks to the reversing camera, ultrasonic sensors and practical visualizations - or let the system park you.)
- Paint finish: Metallic
- Pre-installation for digital key handover (With the pre-installation for digital key handover, you can share your vehicle with a group of people you define more easily than ever before. You retain full control and must explicitly agree to each use. Car sharing is implemented using a smartphone app and a temporarily activated second key.)
- Radio accessories: Digital radio (Digital radio offers you even more information and entertainment through significantly more programs. Choose your personal favorite stations. At the same time, the clear, noise-free reception enhances the listening experience.)
- Radio: Extended MBUX functions (personalization (profiles) and prediction functions - MBUX voice assistant "LINGUATRONIC" with natural language understanding - activation via Hey Mercedes - learning function of the MBUX voice assistant through connection with a cloud-based online dictionary, Mercedes me connect service free of charge for 3 years from activation - Wi-Fi hotspot - internet radio)
- Rear headrests (3)
- Rear seat belt status indicator in the instrument cluster
- Remote and Charging Services Premium (pre-installation for Mercedes me Charge, free for 3 years from activation; pre-installation for IONITY: discounted fast charging, free for 1 year from activation; Mercedes me Services communication module)
- Remote Services Plus (Communication module - Mercedes me services: remote vehicle status query, programming of auxiliary heating/ventilation, remote door locking and unlocking, sunroof/windows with remote locking and opening including ventilation remote control, personalization, vehicle location, vehicle tracking, geographic vehicle monitoring, parking service monitoring, finder function (Remote Vehicle Finder), notification when exceeding the driving speed, Send2Car function)

- Remote Services Premium (Communication module - Mercedes me services: remote vehicle status query, programming of auxiliary heating/ventilation, remote door locking and unlocking, sunroof/windows with remote locking and opening including ventilation remote control, personalization, vehicle location, vehicle tracking, geographic vehicle monitoring, parking service monitoring, finder function (Remote Vehicle Finder), notification when exceeding the driving speed, Send2Car-Fun.)
- Seats: Comfort seats (Its name lives up to its promise – with the comfort seat including comfort headrest and elegant contour lighting, you travel in exceptional comfort. You can fully adjust the length, height, and tilt of the seat cushions. 4-way lumbar support)
- Seats: Rear seat backrests foldable 40/20/40 split (If you only fold down the middle segment for longer items, the two outer seats remain fully usable.)
- THERMATIC automatic climate control with 2 climate zones (allows individually adjustable temperature for driver and front passenger side; sensor system for detecting, for example, interior/exterior temperature, solar radiation, humidity and dew point; automatic recirculation; fine dust activated carbon filter for filtering dust, soot and pollen as well as for reducing pollutants and odors; dew point sensor, continuous defrost nozzle under the windshield and central defrost outlet, 2 fixed defrost nozzles for the side windows)
- TIREFIT (Your quick temporary solution for minor tire damage. Damage caused by embedded nails or shards of glass is sealed by sealant blown in via an air compressor. This allows you to continue driving to the nearest repair shop at speeds of up to 80 km/h.)
- Transmission: Direct drive
- Upholstery: NEOTEX/ARTICO leatherette black/space grey
- Seats: Heated seats for driver and front passenger (The intensity can be selected in three levels. Intelligent and comfortable: The seat heating switches off automatically.)
- Seats: i-Size child seat attachment (in the rear - The system allows for quick and easy installation of i-Size child seats in the rear for the best possible protection of your child in the event of an accident. Top tether attachment points offer additional safety by anchoring the child seat behind the rear headrests.)
- Speed Limit Assist (The system shows what is permitted: It can detect the current speed limit via the camera and display it in the instrument cluster. Additional restrictive signs for special weather conditions such as wet conditions are also detected.)
- Steering wheel: Multifunction sports steering wheel in ARTICO man-made leather (sporty steering wheel in 3-spoke design - finished in ARTICO man-made leather - spokes in silver chrome - steering wheel shift paddles (428) - control via touch control panels: - left: instrument display, cruise control and limiter or Active Distance Assist DISTRONIC - right: MBUX multimedia system (e.g. audio volume and track selection, telephony and navigation) - touch sensitivity adjustable via central display)
- Tire pressure monitoring system (This system monitors your tire pressure and warns you if it drops. This allows you to react more quickly to dangerous situations. Low tire pressure can also increase braking distance. If the system alerts you, you should add air as soon as possible. Correct tire pressure also increases tire life.)
- Traction control (ASR)
- Velour floor mats
- Wheels: 48.3 cm (19") light alloy wheels in 10-spoke design (high-gloss black painted with 255/45 R19 on 8.0J x 19H2 ET45)

Extra equipment

- Towbar with ESP trailer stabilization (electrically folding towbar - switch with LED in the boot - LED indicates when the ball neck is not in a locked end position - ESP trailer stabilization)
- Steering wheel: Multifunction sports steering wheel in leather (with steering wheel shift paddles (428) and steering wheel trim in silver chrome - control via touch control panels)
- Package: Electric Art Line Exterior (Black panel radiator grille with central Mercedes star - Front apron in body color with chrome trim elements in the upper and lower sections - Side skirts painted in black with chrome door trim strips - Rear apron painted in body color with a grained black lower section and chrome trim element - Belt and window line trim strips in chrome - 48.3 cm (19") alloy wheels in 5-twin-spoke design (R39) painted in high-gloss black and polished with 255/45 R19 tires on 8.5J x 19 ET47.5)
- Charging cable for wallbox and public charging station, 8m, smooth 11kW (This charging cable, also called Mode 3 cable, allows you to charge the vehicle battery at the wallbox or at public charging stations with up to 11 kW (Type 2, 3-phase, 16 A).)
- Center console fine texture look black
- Package: Advanced (Wireless charging system for mobile devices in the front storage compartment - Adaptive high beam assist - Mirror package with brand logo projection - Flush door handles - Smartphone integration Android Auto and Apple CarPlay)
- Upholstery: NEOTEX/ARTICO imitation leather
- Wheels: 48.3 cm (19") light alloy wheels in 5-twin-spoke design (black high-gloss painted and diamond-turned with 255/45 R19 on 8.5J x 19 ET47.5)
- Heat-insulating dark tinted glass
- Decorative elements laser-cut and backlit with Mercedes-Benz pattern

Brief expert findings

Documents submitted	At the time of the inspection, the vehicle registration certificate Part 2 (title) was available, but the vehicle registration certificate Part 1 (document) was not. (Copy)
VIN comparison	The vehicle identification number (VIN) was read from the vehicle and its conformity with the submitted documents was confirmed by the undersigned during the inspection.
Inspection	The inspection conditions were sufficient for the assessment of the vehicle. Lifting equipment and/or a pit were available for examining the vehicle.
Test drive	No test drive/shunting maneuver was carried out during the inspection of the vehicle.
Engine function test	An engine test run was performed.
readiness to drive	The vehicle was roadworthy at the time of inspection.

Value reducing factors

No.	Component group	Description
1	Instrument panel	Indicator light (Reifendruckkontrolle) - on - Perform diagnosis
2	Door - rear right side	Door - Scratched - Smart repair
3	Bonnet	Bonnet - Malposition - Set / adjust
4	Wheel / tyres	Alloy rim - rear left side - Scratched - Loss in value
5	Wheel / tyres	Alloy rim - front right side - Scratched - Replace
6	Bonnet	Bonnet - Scratch(es) - Paint
7	Rear bumper	Rear bumper - Scratch(es) - Repair and paint

Wear and tear

No.	Component group	Description
1	Door - front left side	Door edge - Scratched - No deduction
2	Side panel - rear left side	Side panel - Scratched - No deduction
3	Side panel - rear right side	Side panel - Scratched - No deduction
4	Wheel / tyres	Tyres - complete set (WR statt SR) - Differs from the original configuration - No deduction

The vehicle shows signs of wear and tear commensurate with its age and use.

Previous damages

No.	Previous damage	Extent of damage (Net)
1	Front, Side right, Provided by user / customer, from 23 Aug 2024	7.042,35 €

Order/Scope of Order

An order was placed to prepare a sales report for the described vehicle. This report includes the following:

- Description of key vehicle information
- Documentation of equipment features
(Delivery by third-party service providers)
- Documentation of damage, defects, missing parts
- Documentation of prior damage, unrepaired prior damage, repainting
- A brief visual or functional inspection of the equipment details, if possible.
(Functional testing of driver assistance systems is not included in the scope of services!)
- a photographic documentation of the vehicle

Basis for the order

This product is based on the guidelines for vehicle returns and valuations published by Alphabet Fleet GmbH. The expert makes the specific findings in each individual case objectively, within the framework of the prescribed standards, based on their own expertise.

The vehicle inspection takes place in a fully assembled, unassembled state.

Damage or defects that can only be detected during disassembly/diagnostic work or through further investigation remain within the realm of prognostic risk. An increased risk exists due to concealed defects caused by fraudulent misrepresentation and which were not identifiable by the expert.

Damage or defects resulting from normal use or wear and tear of the vehicle will be accepted in accordance with the applicable standard.

There was no explicit identification or monetary consideration of the expected features within the product.

Features which, in their nature and extent, slightly exceed normal use but do not constitute unacceptable damage, will be documented and indicated as signs of wear, if applicable.

Damage or defects that, according to the applicable standard, can no longer be attributed to normal use or wear and tear are listed under "Value Reducing Factors" in the product description.

Depending on the product specification, a monetary ID can be provided. If this takes place, the costs can be 100% d or pro rata depending on the vehicle's age and mileage.

Previous damages

According to available information previous damages were repaired at the vehicle. Traces of repairs, which allow conclusions about the area of repair, were not recognizable during the inspection.

Comments

- Winterreifensatz ist kein Bestandteil des Auslieferumfangs.
