

Expertise

Protocol number: 46738789
Order No. / Reference: 26631150
Inspection date: 27 Jul 2026

Manufacturer: Audi

Model: Q3 35 TDI Sportback S tronic S line

VIN: WAUZZZF36P1033881

Vehicle details	
Manufacturer / Type / Model / Equipment	
Audi Q3 35 TDI Sportback S tronic S line	
Vehicle Identification number	WAUZZZF36P1033881
Mileage (Read)	90,995 km
First registration	16 Dec 2022
Number of holders	1
Next periodical technical inspection	12/2027
(Report on hand)	
Fuel type	Diesel
Engine displacement / Cylinder	1,968 ccm / 4
Power	110 kW
Gearbox / Number of gears	Automatic / 7
Type of drive	Front drive
Type of vehicle	Saloon car
Colour / colour code	Mythossschwarz Metallic
Doors / Seats	5 / 5
Upholstery type	Cloth
Colour of upholstery	Black

Vehicle details

Maintenance booklet / proof	digital proof / complete	Next maintenance in	19,900 km
Last service on / at	05/2026 at 86,827 km		
Key is / should be	2 / 2	FZG documents	ZB#2 (B) was available (copy), ZB#1 (S) was not available.
		Letter No.	GM737893
Previous damage / Accident	Detectable	Repainting	Detectable
Inspection conditions	sufficient	Lifting equipment / pit	No
Test drive	Not performed	Engine function test	Performed
Manufacturer key number/ type code number	0588 / BQU 04672		
Emission standard	EURO6	fine dust sticker	
Permitted total weight	2,155 kg	Empty weight	

Tyres

Mounted tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	235/55 R18 100V	Summer tyres on Light alloy	Continental	5mm / 5mm
2)	235/55 R18 100V	Summer tyres on Light alloy	Continental	5mm / 5mm

Additional tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	215/65 R17 99H	Winter tyres on Light alloy	Continental	6mm / 6mm
2)	215/65 R17 99H	Winter tyres on Light alloy	Continental	5mm / 5mm

Replacement

Typ	Tyre size	Type of tyre	Manufacturer	Tread depth
	Tirefit	Expiration date 08/2026		

Legend: Tread depth information for the left tire is listed first, for the right tire it is listed second on the axle in the direction of travel.

Equipment

Standard equipment

- Airbag for driver and front passenger (with front passenger airbag deactivation)
- Anti-lock braking system (ABS)
- Audi connect Emergency Call & Service (includes the following services: - Legal emergency call - Audi connect emergency call. In the event of a serious accident, an emergency call is automatically triggered. - Online breakdown call. In the event of a breakdown, the customer can trigger the online breakdown call via the service call button in the overhead module. - Audi Damage Service. If the vehicle sensors detect a minor accident without airbag deployment and/or seatbelt tensioning, the customer is automatically informed via the Audi Damage Service. - Audi service appointment online.)
- Audi pre sense basic (within the system's limits, it initiates preventive safety measures for the occupants by networking and coordinating different vehicle systems. In unstable driving conditions, the front seat belts are electrically tightened. Depending on the situation, the windows close. The hazard warning lights are activated to warn following traffic.)
- Electrically adjustable and heated exterior mirrors (with integrated LED turn signals, including heated windshield washer nozzles)
- Hill start assist (after prolonged use of the foot brake while stationary, the built-up brake pressure is maintained for a short moment after releasing the foot brake; this automatic braking intervention makes it easier for you to start comfortably on inclines)
- Digital instrument cluster - fully digital instrument cluster in 10.25 inches (speed, time, mileage, outside temperature, fuel warning with remaining range, shift indicator (for manual and automatic transmissions in manual mode), current radio station or music track, radio and media lists, classic-style display; if available: telephone menu (in conjunction with multifunction steering wheel), trip computer with short- and long-term memory, fuel-saving tips for more economical driving including break recommendations)
- front and rear floor mats
- Legal emergency call (complies with the legal requirements of the pan-European emergency call system. The emergency call is triggered either manually or automatically in the event of a serious accident and establishes a voice connection with a local emergency services control center in the respective national language. In addition, vehicle-related data is collected and also sent to the local emergency services control center.)
- rear window wiper
- ISOFIX and Top Tether child seat attachments for the outer rear seats (standard mounting for the convenient attachment of i-Size and ISOFIX child seats - including an additional attachment point (Top Tether). Recommended child seats are available from your Audi dealer.)
- Headrests (5) front and rear
- Airbag: Front side airbags and head airbag system (front side airbags integrated into the seatbacks; with additional head airbag system; deploys in front of the side window area and thus helps to protect front and outer rear passengers in the event of a side impact)
- Audi connect Remote & Control (The services of Audi connect Remote & Control connect the vehicle to your smartphone. The myAudi app allows you to remotely access the vehicle, view its last parking position and current vehicle status. - Parking position - Vehicle status and driving data - Remote locking and unlocking - Remote control of the auxiliary heater - Push notifications for the anti-theft alarm system)
- Audi drive select (allows the setting of the desired vehicle characteristics; available modes: - auto - comfort - dynamic - offroad - efficiency - individual. This includes adjusting the steering assistance, engine characteristics or shift points (for S tronic) and other optional equipment.)
- Audi pre sense front (within system limits, uses a front radar to detect the area in front of the vehicle and warns the driver with visual and acoustic signals to indicate a potential hazard caused by vehicles ahead, whether moving or stationary. Pedestrian and cyclist detection registers, within system limits, when a pedestrian or cyclist is moving on or crossing the road. The system then warns the driver with an acoustic and visual signal.)
- third brake light
- Decorative inlays Micrometallic silver
- Diesel particulate filter (DPF)
- Door sill trims with aluminum inlay (front, illuminated, with S lettering)
- Electromechanical parking brake (includes parking brake function when stationary, starting aid by automatic release when starting off and emergency braking function while driving via all four wheels)
- Electronic Stability Control (ESC)
- Chassis: Sport chassis (sporty chassis with firmer spring and damper settings)
- Electric windows front and rear
- Adjustable speed limiter (allows individual limiting of the maximum speed from 30 km/h, e.g., within built-up areas. When the set limit is reached, the vehicle's speed is smoothly reduced. Operation is via a separate steering column lever. The set maximum speed is displayed in the driver information system. The limit can be overridden at any time by using kick-down.)
- Transmission: S tronic 7-speed
- Heated rear window
- Electrically operated child safety lock
- Manual air conditioning (cools or heats the vehicle interior - air distribution and fan manually adjustable - manual recirculation mode - particle filter - dust and odor separating cabin air filter, which ensures a lower burden of dust particles, odors and allergens in the vehicle interior)

- Steering wheel: Leather steering wheel in a 3-spoke design with multifunction controls (height and reach of the steering wheel are manually adjustable. For convenient operation of the extensive standard and optional infotainment features, the steering wheel is equipped with 6 multifunction buttons.)
- Progressive steering (steering with variable steering ratio depending on the steering angle, as well as speed-dependent steering assistance - various modes (auto, comfort, dynamic) adjustable via Audi drive select (optional) - Increased driving dynamics and driving comfort through more direct steering behavior (e.g. on winding country roads or when turning) as well as through reduced steering effort (e.g. when parking and maneuvering))
- Radio: MMI Radio plus (digital instrument cluster 10.25 inch - 10.1" color display incl. MMI touch - AM/FM radio reception - DAB+ - USB interface with charging function - Bluetooth interface - hands-free calling and audio streaming - voice control for telephony, media - 6 passive speakers, 4 front, 2 rear, 80 watts - Audi connect emergency call & service with Audi connect remote & control - speed-dependent volume adjustment - accent area in the instrument panel and triangular trim panels of the front doors in black glass look)
- Lane Departure Warning (within system limits, helps prevent unintentional lane departures. If the system is activated and ready, and the driver has not used the turn signal, the Lane Departure Warning helps prevent crossing detected lane markings by making corrective steering interventions. Additional steering wheel vibration can be set at the driver's request. Operating range from approximately 60 to a maximum of 250 km/h)
- Start-stop system with recuperation (helps reduce fuel consumption and CO2 emissions by switching off the engine during stationary phases, e.g. at traffic lights. For a restart, the starting process is initiated as soon as the clutch is depressed (manual transmission) or the foot brake is released (S tronic). Can be deactivated at any time via a switch).
- Glazing: Windscreen in heat-insulating and acoustic glazing (heat-insulating glass)
- Central locking (with remote control)
- LED headlights (low beam, high beam, daytime running lights and position lights in LED technology - turn signals in incandescent bulb technology)
- Light/rain sensor (for controlling the automatic headlight switching, the windshield wipers and the coming home/leaving home function)
- Gloss package (roof frame and window channel strips in anodized aluminum)
- Wheel: Light alloy wheels in 5-V-spoke (S-design) (7 J × 18 with tires 235/55 R 18)
- Wheel: Tire pressure monitoring system (visual and audible warning in case of pressure loss in one or more wheels)
- Wheel: Tire repair kit (12V compressor and tire sealant, maximum speed 80 km/h)
- Rear seat plus (rear seat back foldable in a 40:20:40 ratio - rear seat bench adjustable lengthwise - rear seat backrest adjustable in tilt)
- Seat covers in Argument fabric (seat center panel in Argument fabric - inner and outer seat side bolsters, headrests, front center armrest (if ordered) in solid black fabric)
- Seats: Standard front seats (with manual adjustment of seat height, seat longitudinal position, backrest angle, headrest height and seat belt height)
- Lane Change Warning (The system uses two radar sensors to measure the distance and speed difference of vehicles approaching from behind. If a hazard is detected, the system warns the driver of this potential danger when changing lanes by displaying a warning in the respective side mirror. In conjunction with Parking Aid Plus or Parking Assistant including Rear Cross Traffic Alert, the system assists the driver when reversing out of perpendicular parking spaces.)
- Front/rear bumpers and underride protection (wheel arch trims and side sill trims in Manhattan Grey Metallic)
- Telephone: Bluetooth interface (The smartphone can be connected to the vehicle via Bluetooth to play music through the vehicle or to make phone calls. Depending on the smartphone model, emails and SMS messages can also be displayed in the MMI via Bluetooth.)
- Electronic immobilizer (integrated into the engine control unit, automatic activation via vehicle key)

Extra equipment

- 2-zone automatic climate control (electronically regulates air temperature, volume and distribution - separate temperature distribution for driver and front passenger side - sun position-dependent control - automatic recirculation control via air quality sensor - dust and odor separating allergen filter - air vents in the rear center console - separate defroster button for faster defrosting of the front and side windows)
- Aluminum look in the interior (elements on the mirror adjustment switch, the window regulator switches, the parking brake control button and door trim strips in aluminum look)
- Anti-theft alarm system (The anti-theft alarm system monitors the doors, front hatch, and trunk lid. The deadbolt, linked to the door locks, prevents opening via the interior door handle once the vehicle has been locked with the key. The anti-theft alarm system also offers: switchable ultrasonic interior monitoring, a theft warning via a tilt sensor, and a battery-powered horn to prevent tampering.)
- Assistance Package (Lane Change Warning deactivation) (Adaptive Cruise Control (combines adaptive cruise control with lane keeping assist) - Emergency Assist (Lane Departure Warning. If the driver does not react, the system takes over control of the vehicle and automatically brings it to a stop in its lane; the hazard warning lights are activated.) - High Beam Assist - Parking Assist Plus)
- Chassis: Comfort chassis
- Deletion of model designation and performance/technology lettering
- Electrically opening and closing tailgate (The tailgate can be opened electrically by pressing the button on the vehicle key, in the driver's door, or the soft-touch button on the tailgate handle. Closing the tailgate is just as easy and convenient: simply press the button on the inside of the tailgate, the button in the driver's door, or the button on the optional comfort key. A soft-close mechanism makes manual closing easier when necessary.)
- Front seat heating (heats seat and backrest center section for standard seats, otherwise seat and backrest center section as well as seat side bolsters - individually adjustable in 3 stages for driver and front passenger via direct selection button on the climate control unit)
- Glazing: Sun protection glazing, tinted (rear window, rear door and side windows tinted)
- High beam assist
- Radio accessories: SONOS Premium Sound System with 3D sound (The 15 tuned high-performance speakers, including center speaker and subwoofer, deliver an outstanding sound experience. The 16-channel amplifier has a total output of 680 watts. The new, virtual 3D sound effect creates an immersive sound experience. This is generated by four speakers in the instrument panel, two speakers in the C-pillar, and Fraunhofer Symphoria technology. The 3D sound can be generated with a variety of sources.)
- Seats: 4-way lumbar support (electrically adjustable, horizontally and vertically)
- Wheel: Audi new car tire warranty
- Automatically dimming, frameless interior mirror (can increase safety, as reduced glare improves the perception of following traffic at night - less glare at night, among other factors, can help to recognize other vehicles in the interior mirror more quickly and better - reduced glare can help to prevent eye fatigue)
- Auxiliary heater/ventilation (The auxiliary heater warms the interior and defrosts the windows without starting the engine. The auxiliary ventilation system supplies fresh air and lowers the interior temperature. Both functions can be activated via a timer and separate remote control. An intelligent control system with timer and departure time programming calculates the heating duration efficiently in terms of time and energy. Two heating modes are selectable: - defrost (defrost mode for the windows only) - warm (warm mode for preheating the interior)
- Business package (MMI Navigation plus - 3-spoke leather steering wheel with multifunction plus - Audi virtual cockpit plus - Audi phone box - Audi connect Navigation & Infotainment plus - Cruise control)
- Cruise control
- Electrically adjustable, heated and folding exterior mirrors, automatically dimming on both sides (including curb view function for passenger-side exterior mirror with integrated LED turn signal, including heated windshield washer nozzles; the curb view function folds the passenger-side mirror down when reverse gear is engaged, giving the driver a better view of the curb edge)
- Front center armrest (adjustable in tilt, movable in length)
- Hold assist (holds the vehicle indefinitely after stopping on inclines and declines typical in road traffic.)
- Paint finish: Mythos Black Metallic
- Parking aid plus (supports the driver with acoustic signals and a display in the MMI when parking and maneuvering. The parking aid is activated by engaging reverse gear or via a button in the center console, or automatically when the distance to a detected object is less than 90 cm. Automatic activation can be switched on and off.)
- Rear bench seat plus with center armrest and cupholder (rear seat back foldable in a 40:20:40 ratio - rear bench seat longitudinally adjustable - rear seat backrest tilt adjustable - including rear center armrest and cupholder)
- Reversing camera (Within the system's limits, the reversing camera captures the area behind the vehicle and displays it on the MMI screen using dynamic display elements. The system allows a choice between perpendicular parking mode and trailer mode (in conjunction with a factory-installed trailer hitch). Depending on the selected mode, the calculated driving lane or a guide line for coupling a trailer is displayed. The reversing camera is discreetly integrated into the tailgate handle.)
- Steering wheel: Leather steering wheel in 3-spoke design with multifunction plus

- Storage and luggage compartment package (flexible transport of items and comfort while traveling, consisting of: - storage net on the back of the front seats - storage compartment under the passenger seat - luggage compartment light (LED) in the tailgate for lighting the trunk - luggage compartment net - 12-volt socket in the trunk tray in the left side panel)

Brief expert findings

Documents submitted	At the time of the inspection, the vehicle registration certificate Part 2 (title) was available, but the vehicle registration certificate Part 1 (document) was not. (Copy)
VIN comparison	The vehicle identification number (VIN) was read from the vehicle and its conformity with the submitted documents was confirmed by the undersigned during the inspection.
Inspection	The inspection conditions were sufficient for the assessment of the vehicle. No lifting equipment or pit was available for inspecting the vehicle. Therefore, inspection of the vehicle's underside was only possible to a limited extent.
Test drive	No test drive/shunting maneuver was carried out during the inspection of the vehicle.
Engine function test	An engine test run was performed.

Value reducing factors

No.	Component group	Description
1	Door - front left side	Door edge - Scratch(es) - Smart repair
2	Front bumper	Spoiler - Deformed - Replace
3	Front bumper	Front bumper - Scratch(es) - Paint
4	Mudguard - left side	Mudguard - left side - Scratch(es) - Paint
5	Vehicle glazing	Windscreen with lane departure assistant - Broken / torn - Replace

Previous damages

No.	Previous damage	Extent of damage (Net)
1	Side - left, Side right, Provided by user / customer, from 18 Nov 2025	1.205,67 €
2	Side right, Professionally repaired, Invoice of repair done Non-existent, from 26 Feb 2026	2.485,13 €
3	Side right, Professionally repaired, Invoice of repair done Non-existent, from 3 Dec 2024	2.486,78 €

Repainting

No.	Repainting
1	Side panel - rear left side, Professionally carried out, Invoice of repair done Non-existent
2	Side panel - rear right side, Professionally carried out, Invoice of repair done Non-existent
3	Door - rear left side, Professionally carried out, Invoice of repair done Non-existent
4	Door - rear right side, Professionally carried out, Invoice of repair done Non-existent

Paint coat thickness measurement

Side panel - rear left side	291 µm	Side panel - rear right side	249 µm
Door - rear left side	216 µm	Door - rear right side	575 µm

Order/Scope of Order

An order was placed to prepare a sales report for the described vehicle. This report includes the following:

- Description of key vehicle information
- Documentation of equipment features
(Delivery by third-party service providers)
- Documentation of damage, defects, missing parts
- Documentation of prior damage, unrepaired prior damage, repainting
- A brief visual or functional inspection of the equipment details, if possible.
(Functional testing of driver assistance systems is not included in the scope of services!)
- a photographic documentation of the vehicle

Basis for the order

This product is based on the guidelines for vehicle returns and valuations published by Alphabet Fleet GmbH. The expert makes the specific findings in each individual case objectively, within the framework of the prescribed standards, based on their own expertise.

The vehicle inspection takes place in a fully assembled, unassembled state.

Damage or defects that can only be detected during disassembly/diagnostic work or through further investigation remain within the realm of prognostic risk. An increased risk exists due to concealed defects caused by fraudulent misrepresentation and which were not identifiable by the expert.

Damage or defects resulting from normal use or wear and tear of the vehicle will be accepted in accordance with the applicable standard.

There was no explicit identification or monetary consideration of the expected features within the product.

Features which, in their nature and extent, slightly exceed normal use but do not constitute unacceptable damage, will be documented and indicated as signs of wear, if applicable.

Damage or defects that, according to the applicable standard, can no longer be attributed to normal use or wear and tear are listed under "Value Reducing Factors" in the product description.

Depending on the product specification, a monetary ID can be provided. If this takes place, the costs can be 100% d or pro rata depending on the vehicle's age and mileage.

Previous damages

Professionally repaired previous damages were found at the vehicle.

Comments

Der beiliegende Winterradsatz ist kein Bestandteil der Ausstattung.
