

Expertise

Protocol number: 46605391
Order No. / Reference: 26727376
Inspection date: 14 Jul 2026

Manufacturer: Audi

Model: Q3 40 TDI Sportback quattro S tronic S line

VIN: WAUZZZF34M1112512

Vehicle details	
Manufacturer / Type / Model / Equipment	
Audi Q3 40 TDI Sportback quattro S tronic S line	
Vehicle Identification number	WAUZZZF34M1112512
Mileage (Read)	57,387 km
First registration	16 Apr 2021
Number of holders	1
Fuel type	Diesel
Engine displacement / Cylinder	1,968 ccm / 4
Power	147 kW
Gearbox / Number of gears	Automatic / 7
Type of drive	All-wheel drive
Type of vehicle	SUV
Colour / colour code	Mythos-schwarz Metallic
Doors / Seats	5 / 5
Upholstery type	Leather
Colour of upholstery	Brown

Vehicle details			
Maintenance booklet / proof	digital proof / complete	Next maintenance in	20,900 km
Last service on / at	04/2025 at 48,654 km		
Key is / should be	2 / 2	FZG documents	ZB#2 (B) was available (copy), ZB#1 (S) was not available.
		Letter No.	GC198592
Previous damage / Accident	None detectable	Repainting	None detectable
Inspection conditions	sufficient	Lifting equipment / pit	yes
Test drive	Not performed	Engine function test	Performed
Manufacturer key number/ type code number	0588 / BVT 00540		
Emission standard	EURO6	fine dust sticker	
Permitted total weight	2,250 kg	Empty weight	

Tyres			
Mounted tyres			
#	Tyre size	Type of tyre	Tread depth
1)	255/45 R19 104Y	Summer tyres on Light alloy	5mm / 5mm
2)	255/45 R19 104Y	Summer tyres on Light alloy	5mm / 5mm

Replacement			
Typ	Tyre size	Type of tyre	Tread depth
	Tirefit	Expiration date 12/2028	

Legend: Tread depth information for the left tire is listed first, for the right tire it is listed second on the axle in the direction of travel.

Equipment

Standard equipment

- Airbag for driver and front passenger (with front passenger airbag deactivation)
- All-wheel drive "quattro" (permanent all-wheel drive with electronically controlled multi-plate clutch on the rear axle and wheel-selective torque control. The intelligent quattro strategy continuously monitors the driving conditions and distributes the drive torque between the front and rear axles via a multi-plate clutch, depending on the situation. The wheel-selective torque control integrated into the ESC gently brakes the inside wheels during sporty cornering, thus increasing the drive torque to the outside wheels).
- Audi drive select (allows the setting of the desired vehicle characteristics; available modes: - auto - comfort - dynamic - offroad - efficiency - individual. This includes adjusting the steering assistance, engine characteristics or shift points (for S tronic) and other optional equipment.)
- Audi pre sense basic (within the system's limits, it initiates preventive safety measures for the occupants by networking and coordinating different vehicle systems. In unstable driving conditions, the front seat belts are electrically tightened. Depending on the situation, the windows close. The hazard warning lights are activated to warn following traffic.)
- Hill start assist (after prolonged use of the foot brake while stationary, the built-up brake pressure is maintained for a short moment after releasing the foot brake; this automatic braking intervention makes it easier for you to start comfortably on inclines)
- Tachometer
- Door sill trims with aluminum inlay (front, illuminated, with S lettering)
- Electromechanical parking brake (includes parking brake function when stationary, starting aid by automatic release when starting off and emergency braking function while driving via all four wheels)
- Electronic Stability Control (ESC)
- Chassis: Sport chassis (sporty chassis with firmer spring and damper settings)
- front and rear floor mats
- Legal emergency call (complies with the legal requirements of the pan-European emergency call system. The emergency call is triggered either manually or automatically in the event of a serious accident and establishes a voice connection with a local emergency services control center in the respective national language. In addition, vehicle-related data is collected and also sent to the local emergency services control center.)
- rear window wiper
- ISOFIX and Top Tether child seat attachments for the outer rear seats (standard mounting for the convenient attachment of i-Size and ISOFIX child seats - including an additional attachment point (Top Tether). Recommended child seats are available from your Audi dealer.)
- Airbag: Front side airbags and head airbag system (front side airbags integrated into the seatbacks; with additional head airbag system; deploys in front of the side window area and thus helps to protect front and outer rear passengers in the event of a side impact)
- Anti-lock braking system (ABS)
- Audi connect Emergency Call & Service (includes the following services: - Legal emergency call - Audi connect emergency call. In the event of a serious accident, an emergency call is automatically triggered. - Online breakdown call. In the event of a breakdown, the customer can trigger the online breakdown call via the service call button in the overhead module. - Audi Damage Service. If the vehicle sensors detect a minor accident without airbag deployment and/or seatbelt tensioning, the customer is automatically informed via the Audi Damage Service. - Audi service appointment online.)
- Audi pre sense front (within system limits, uses a front radar to detect the area in front of the vehicle and warns the driver with visual and acoustic signals to indicate a potential hazard caused by vehicles ahead, whether moving or stationary. Pedestrian and cyclist detection registers, within system limits, when a pedestrian or cyclist is moving on or crossing the road. The system then warns the driver with an acoustic and visual signal.)
- third brake light
- Diesel particulate filter (DPF)
- Digital instrument cluster - fully digital instrument cluster in 10.25 inches (speed, time, mileage, outside temperature, fuel warning with remaining range, shift indicator (for manual and automatic transmissions in manual mode), current radio station or music track, radio and media lists, classic-style display; if available: telephone menu (in conjunction with multifunction steering wheel), trip computer with short- and long-term memory, fuel-saving tips for more economical driving including break recommendations)
- Electric windows front and rear
- Adjustable speed limiter (allows individual limiting of the maximum speed from 30 km/h, e.g., within built-up areas. When the set limit is reached, the vehicle's speed is smoothly reduced. Operation is via a separate steering column lever. The set maximum speed is displayed in the driver information system. The limit can be overridden at any time by using kick-down.)
- Transmission: S tronic 7-speed
- Heated rear window
- Electrically operated child safety lock
- Headrests (5) front and rear
- Light/rain sensor (for controlling the automatic headlight switching, the windshield wipers and the coming home/leaving home function)
- Gloss package (roof frame and window channel strips in anodized aluminum)
- Wheel: Tire pressure monitoring system (visual and audible warning in case of pressure loss in one or more wheels)
- Wheel: Tire repair kit (12V compressor and tire sealant, maximum speed 80 km/h)

- Progressive steering (steering with variable steering ratio depending on the steering angle, as well as speed-dependent steering assistance - various modes (auto, comfort, dynamic) adjustable via Audi drive select (optional) - Increased driving dynamics and driving comfort through more direct steering behavior (e.g. on winding country roads or when turning) as well as through reduced steering effort (e.g. when parking and maneuvering))
- Radio accessories: Digital radio reception (DAB) (in addition to the analog station offerings, reception of digitally broadcast radio stations according to the DAB standard including DAB+ and DMB audio.)
- Rear seat plus (rear seat back foldable in a 40:20:40 ratio - rear seat bench adjustable lengthwise - rear seat backrest adjustable in tilt)
- Seats: Standard front seats (with manual adjustment of seat height, seat longitudinal position, backrest angle, headrest height and seat belt height)
- Start-stop system with recuperation (helps reduce fuel consumption and CO2 emissions by switching off the engine during stationary phases, e.g. at traffic lights. For a restart, the starting process is initiated as soon as the clutch is depressed (manual transmission) or the foot brake is released (S tronic). Can be deactivated at any time via a switch).
- Telephone: Bluetooth interface (The smartphone can be connected to the vehicle via Bluetooth to play music through the vehicle or to make phone calls. Depending on the smartphone model, emails and SMS messages can also be displayed in the MMI via Bluetooth.)
- Radio: MMI Radio (digital instrument cluster 10.25 inch - without additional MMI touch display - 1 × USB Type-A interface for charging external devices - Bluetooth interface (hands-free calling and audio streaming) - voice control for telephony and media - 4 passive speakers at the front with 40 watts - AM/FM phase diversity - speed-dependent volume adjustment - accent area around the central storage compartment in the dashboard in matte black, frame in micrometallic silver - DAB+)
- Lane Departure Warning and Lane Change Warning (Lane Change Warning (The system warns the driver of a potential hazard when changing lanes by displaying a message on the respective exterior mirror.) In conjunction with Parking Aid Plus or Parking Assistant including Cross Traffic Assist. The Lane Departure Warning helps to prevent unintentional lane departures within the system's limits.)
- Front/rear bumpers and underride protection (wheel arch trims and side sill trims in Manhattan Grey Metallic)
- Glazing: Front window in acoustic glazing (heat-insulating glass)
- Electronic immobilizer (integrated into the engine control unit, automatic activation via vehicle key)
- Central locking (with remote control)

Extra equipment

- Airbag: Rear side airbags
- Audi connect Navigation & Infotainment plus (Navigation with Google Earth - Online search for navigation destinations - Online voice input - Amazon Alexa integration - Online traffic information plus - Highly detailed 3D city display - Online radio - Hybrid radio)
- Audi virtual cockpit plus (fully digital 12.3-inch instrument cluster in full HD resolution with additional graphic display options: Classic, Sport and Dynamic design for flexible and needs-based display of the respective information according to the driver's needs: speed/RPM, map display, Audi connect services, radio/media information, etc. 2 different sized instrument display options. Configuration of on-board computer values in the tachometer is possible, including break recommendation).
- Black fabric headliner
- Decorative inlays, piano black, Audi exclusive
- Parking aid plus (supports the driver with acoustic signals and a display in the MMI when parking and maneuvering. The parking aid is activated by engaging reverse gear or via a button in the center console, or automatically when the distance to a detected object is less than 90 cm. Automatic activation can be switched on and off.)
- Hold assist (holds the vehicle indefinitely after stopping on inclines and declines typical in road traffic.)
- Automatically dimming, frameless interior mirror (can increase safety, as reduced glare improves the perception of following traffic at night - less glare at night, among other factors, can help to recognize other vehicles in the interior mirror more quickly and better - reduced glare can help to prevent eye fatigue)
- Comfort key (The comfort key offers convenient control for access and engine start authorization without having to actively use the vehicle key. With the electronic access and drive authorization system, you can open your vehicle at the doors and tailgate via wireless communication between the key and the vehicle, and lock it again using the sensors on the door handles. For this to work, the comfort key simply needs to be carried with you.)
- Paint finish: Metallic
- Paintwork: Full paint finish (S line front/rear bumpers, wheel arch trims and side sill trims in full paint finish (body color))
- Steering wheel: Leather steering wheel in a 3-spoke design with multifunction plus (The steering wheel impresses with its high-quality look and aluminum trim and feels good in the hand. Height and reach of the steering wheel are manually adjustable. For convenient operation of the extensive standard and optional infotainment features, the steering wheel is equipped with 12 multifunction buttons.)
- Aluminum look in the interior (elements on the mirror adjustment switch, the window regulator switches, the parking brake control button and door trim strips in aluminum look)
- Audi connect Remote & Control (for MMI Navigation) (The Audi connect Remote & Control services connect the vehicle to your smartphone. The myAudi app allows you to remotely access the vehicle, view its last parking position and current vehicle status. - Parking position - Vehicle status and driving data - Remote locking and unlocking - Remote charging - Remote climate control (45 TFSI e) and auxiliary heating - Push notifications for the anti-theft alarm system)
- Electrically adjustable, heated and folding exterior mirrors with memory function (with integrated LED indicator light and curb view function for the passenger-side exterior mirror, including heated windshield washer nozzles - the curb view function tilts the passenger-side exterior mirror downwards when reverse gear is engaged, giving the driver a better view of the curb)
- Deletion of model designation and performance/technology lettering
- Electrically opening and closing tailgate (The tailgate can be opened electrically by pressing the button on the vehicle key, in the driver's door, or the soft-touch button on the tailgate handle. Closing the tailgate is just as easy and convenient: simply press the button on the inside of the tailgate, the button in the driver's door, or the button on the optional comfort key. A soft-close mechanism makes manual closing easier when necessary.)
- 2-zone automatic climate control (electronically regulates air temperature, volume and distribution - separate temperature distribution for driver and front passenger side - sun position-dependent control - automatic recirculation control via air quality sensor - dust and odor separating allergen filter - air vents in the rear center console - separate defroster button for faster defrosting of the front and side windows)
- Headrests: variable headrests for front seats (with manual adjustment of headrest height and distance)
- LED Matrix headlights (technology combines a camera system with LED light sources and precise optics for highly adaptive light distribution; functionalities: - Daytime running lights - Low beam - Position lights - Turn signals - Cornering lights (supplementing lateral illumination in tight curves and when turning) - All-weather lights - Maneuvering lights - Highway lights - Automatic dynamic headlight range control - Dynamic cornering lights (navigation data-based) - Headlight cleaning system)
- Front center armrest (adjustable in tilt, movable in length)

- Ambient Lighting Package Plus (content changes and color adjustments in addition to the Ambient Lighting Package: A selection of 30 colors is available. - Contour lighting front/rear doors - Entry lights on the underside of the rear doors - Ambient fabric panel lighting in the front/rear doors - Side ambient lighting of the front center console - Illuminated storage compartment under the instrument panel - Illuminated quattro lettering or Audi rings (for front-wheel drive) on the passenger side of the instrument panel)
- Panoramic glass roof (one-piece glass roof - electric tilting and opening of the glass element - tinted glass insert with continuously adjustable manual sun protection - comfort opening/closing from the outside via the remote key - offers a pleasant, light-flooded interior ambience thanks to the extra-large glass surface - an integrated wind deflector reduces wind noise when the roof is open)
- Radio accessories: Bang & Olufsen Premium Sound System with 3D sound (surround sound playback via 15 high-performance speakers including subwoofer; 16-channel amplifier with a total output of 680 watts. The new, virtual 3D sound effect creates an immersive sound experience. This is generated by 4 speakers in the instrument panel, 2 speakers in the C-pillar, and Fraunhofer Symphoria technology. The 3D sound can be generated with a variety of sources.)
- Seats: 4-way lumbar support (electrically adjustable, horizontally and vertically)
- Seats: Driver's seat electrically adjustable (with electric adjustment of seat height, seat longitudinal position, seat tilt and backrest tilt for the driver's seat - passenger seat manually adjustable)
- Telephone: Audi Phone Box (A smartphone can be paired with the vehicle via Bluetooth to either play music through the vehicle or make phone calls. It features a connection to the vehicle's antenna, which improves both reception and call quality. Furthermore, the smartphone can be charged wirelessly using the Qi standard or via USB connection if it is still in the storage compartment.)
- Surround view cameras (The four wide-angle surround view cameras cover the entire area immediately around the vehicle and offer a variety of different views for even more convenient maneuvering. The driver can select different views on the MMI display, making it easier to position the vehicle in the parking space. Virtual top view, reversing camera view, panoramic front and rear view, curb view)
- MMI Navigation plus (in addition to MMI Radio plus with the following features: - Navigation system with high-resolution 10.1-inch color display - camera-based traffic sign recognition - additional display in the optional Audi virtual cockpit - map updates - 3D map display - personal route assistance - online traffic information - MMI search - MMI touch - operation via natural language interaction - detailed route information - includes a selected portfolio of Audi connect Navigation & Infotainment)
- Assistance Package (Adaptive Cruise Control (combines adaptive cruise control with lane keeping assist) - Emergency Assist (Lane Departure Warning. If the driver does not react, the system takes over control of the vehicle and automatically brings it to a stop in its lane; the hazard warning lights are activated.) - High Beam Assist - Parking Assist Plus)
- Wheel: Audi Sport light alloy wheels in 5-arm trapezoid design, titanium grey matt (8.5 J x 19 with tires 255/45 R 19 gloss turned)
- Rear bench seat plus with center armrest and cupholder (rear seat back foldable in a 40:20:40 ratio - rear bench seat longitudinally adjustable - rear seat backrest tilt adjustable - including rear center armrest and cupholder)
- Seat covers in leather/artificial leather mono.pur 550 combination (seat center section of the front and both outer rear seats in leather - inner and outer seat side bolsters, middle seat in the rear and front center armrest (if ordered) in artificial leather mono.pur 550 - accent stripes on the seat in leather)
- Front seat heating (heats seat and backrest center section for standard seats, otherwise seat and backrest center section as well as seat side bolsters - individually adjustable in 3 stages for driver and front passenger via direct selection button on the climate control unit)
- Telephone: Audi smartphone interface (The Audi smartphone interface brings Android Auto and Apple CarPlay together with your familiar smartphone environment. It connects your smartphone to your Audi and seamlessly displays your smartphone content directly on the MMI display via USB cable. Navigation, telephony, music and selected third-party apps can be conveniently controlled via the MMI touch display as well as via voice control on your smartphone.)
- Glazing: Privacy glazing (tinted windows) (rear window, rear door and side windows tinted)

Brief expert findings

Documents submitted	At the time of the inspection, the vehicle registration certificate Part 2 (title) was available, but the vehicle registration certificate Part 1 (document) was not. (Copy)
VIN comparison	The vehicle identification number (VIN) was read from the vehicle and its conformity with the submitted documents was confirmed by the undersigned during the inspection.
Inspection	The inspection conditions were sufficient for the assessment of the vehicle. Lifting equipment and/or a pit were available for examining the vehicle.
Test drive	No test drive/shunting maneuver was carried out during the inspection of the vehicle.
Engine function test	An engine test run was performed.

Value reducing factors

No.	Component group	Description
1	Roof	Roof - dent(s) - Smooth repair work
2	Rear bumper	Rear bumper (unpainted) (Blende) - dent(s) - Replace
3	Roof	Roof rail - right side - dent(s) - Smart repair
4	Side panel - rear right side	Sill - Scratch(es) - Smart repair
5	Sill - left side	Sill - Scratch(es) - Smart repair
6	Mudguard - right side	Wheel well extension - Scratch(es) - Smart repair
7	Boot lid / rear door	Rear spoiler - Scratch(es) - Paint
8	Rear bumper	Rear bumper - Scratch(es) - Paint
9	Wheel / tyres	Alloy rim - rear left side - Corrosion - Replace
10	Wheel / tyres	Alloy rim - rear right side - Corrosion - Replace
11	Wheel / tyres	Alloy rim - front left side - Corrosion - Replace
12	Wheel / tyres	Alloy rim - front right side - Corrosion - Replace
13	Door - rear right side	Door - Scratch(es) - Paint
14	Door - front right side	Door - Scratch(es) - Paint

Wear and tear

No.	Component group	Description
1	Vehicle glazing	Windscreen - Stone chips - No deduction

The vehicle shows signs of wear and tear commensurate with its age and use.

Order/Scope of Order

An order was placed to prepare a sales report for the described vehicle. This report includes the following:

- Description of key vehicle information
- Documentation of equipment features
(*Delivery by third-party service providers*)
- Documentation of damage, defects, missing parts
- Documentation of prior damage, unrepaired prior damage, repainting
- A brief visual or functional inspection of the equipment details, if possible.
(*Functional testing of driver assistance systems is not included in the scope of services!*)
- a photographic documentation of the vehicle

Basis for the order

This product is based on the guidelines for vehicle returns and valuations published by Alphabet Fleet GmbH. The expert makes the specific findings in each individual case objectively, within the framework of the prescribed standards, based on their own expertise.

The vehicle inspection takes place in a fully assembled, unassembled state.

Damage or defects that can only be detected during disassembly/diagnostic work or through further investigation remain within the realm of prognostic risk. An increased risk exists due to concealed defects caused by fraudulent misrepresentation and which were not identifiable by the expert.

Damage or defects resulting from normal use or wear and tear of the vehicle will be accepted in accordance with the applicable standard.

There was no explicit identification or monetary consideration of the expected features within the product.

Features which, in their nature and extent, slightly exceed normal use but do not constitute unacceptable damage, will be documented and indicated as signs of wear, if applicable.

Damage or defects that, according to the applicable standard, can no longer be attributed to normal use or wear and tear are listed under "Value Reducing Factors" in the product description.

Depending on the product specification, a monetary ID can be provided. If this takes place, the costs can be 100% d or pro rata depending on the vehicle's age and mileage.

Previous damages

No apparent prior damage that had been repaired could be found on the vehicle.
