

Expertise

Protocol number: 46594836
Order No. / Reference: 26726437
Inspection date: 14 Jul 2026

Manufacturer: Audi
VIN: WAUZZZF32R1016434

Model: Q3 35 TDI quattro S tronic advanced

Vehicle details	
Manufacturer / Type / Model / Equipment	
Audi Q3 35 TDI quattro S tronic advanced	
Vehicle Identification number	WAUZZZF32R1016434
Mileage (Read)	110,473 km
First registration	1 Sept 2023
Number of holders	1
Next periodical technical inspection	09/2026
(Report not on hand)	
Fuel type	Diesel
Engine displacement / Cylinder	1,968 ccm / 4
Power	110 kW
Gearbox / Number of gears	Automatic / 7
Type of drive	All-wheel drive
Type of vehicle	SUV
Colour / colour code	Nanograu Metallic
Doors / Seats	5 / 5
Upholstery type	Cloth
Colour of upholstery	Black-Grey
readiness to drive	Roadworthy

Vehicle details

Maintenance booklet / proof	digital proof / complete	Next maintenance in	9,600 km
Last service on / at	10/2025 at 95,950 km		
Key is / should be	2 / 2	FZG documents	ZB#2 (B) was available (copy), ZB#1 (S) was not available.
		Letter No.	GV343466
Previous damage / Accident	Detectable	Repainting	Detectable
Inspection conditions	sufficient	Lifting equipment / pit	yes
Test drive	Not performed	Engine function test	Performed
readiness to drive	Roadworthy		
Manufacturer key number/ type code number	0588 / BOZ 02383		
Emission standard	EURO6	fine dust sticker	
Permitted total weight	2,250 kg	Empty weight	

Tyres

Mounted tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	215/65 R17 103H	Winter tyres on Light alloy	Pirelli	7mm / 7mm
2)	215/65 R17 103H	Winter tyres on Light alloy	Pirelli	8mm / 8mm

Additional tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	235/55 R18 100V	Summer tyres on Light alloy	Hankook	4mm / 4mm
2)	235/55 R18 100V	Summer tyres on Light alloy	Hankook	5mm / 5mm

Replacement

Typ	Tyre size	Type of tyre	Manufacturer	Tread depth
N	145/85 R18 103M	Summer tyres on Steel	Sonstige	4 mm

Legend: Tread depth information for the left tire is listed first, for the right tire it is listed second on the axle in the direction of travel.

Equipment

Standard equipment

- Airbag for driver and front passenger (with front passenger airbag deactivation)
- All-wheel drive "quattro" (permanent all-wheel drive with electronically controlled multi-plate clutch on the rear axle and wheel-selective torque control. The intelligent quattro strategy continuously monitors the driving conditions and distributes the drive torque between the front and rear axles via a multi-plate clutch, depending on the situation. The wheel-selective torque control integrated into the ESC gently brakes the inside wheels during sporty cornering, thus increasing the drive torque to the outside wheels).
- Audi connect Remote & Control (The services of Audi connect Remote & Control connect the vehicle to your smartphone. The myAudi app allows you to remotely access the vehicle, view its last parking position and current vehicle status. - Parking position - Vehicle status and driving data - Remote locking and unlocking - Remote control of the auxiliary heater - Push notifications for the anti-theft alarm system)
- Audi pre sense front (within system limits, uses a front radar to detect the area in front of the vehicle and warns the driver with visual and acoustic signals to indicate a potential hazard caused by vehicles ahead, whether moving or stationary. Pedestrian and cyclist detection registers, within system limits, when a pedestrian or cyclist is moving on or crossing the road. The system then warns the driver with an acoustic and visual signal.)
- Hill start assist (after prolonged use of the foot brake while stationary, the built-up brake pressure is maintained for a short moment after releasing the foot brake; this automatic braking intervention makes it easier for you to start comfortably on inclines)
- Rear parking aid (supports reversing and maneuvering within the system limits by acoustically indicating the distance to a detected object behind the vehicle. The measurement is carried out by ultrasonic sensors discreetly integrated into the bumper, which are activated when reverse gear is engaged.)
- Door sill trims with aluminum inlay (front, unlit, without lettering)
- Electromechanical parking brake (includes parking brake function when stationary, starting aid by automatic release when starting off and emergency braking function while driving via all four wheels)
- Electric windows front and rear
- front and rear floor mats
- Adjustable speed limiter (allows individual limiting of the maximum speed from 30 km/h, e.g., within built-up areas. When the set limit is reached, the vehicle's speed is smoothly reduced. Operation is via a separate steering column lever. The set maximum speed is displayed in the driver information system. The limit can be overridden at any time by using kick-down.)
- Transmission: S tronic 7-speed
- Heated rear window
- rear window wiper
- Airbag: Front side airbags and head airbag system (front side airbags integrated into the seatbacks; with additional head airbag system; deploys in front of the side window area and thus helps to protect front and outer rear passengers in the event of a side impact)
- Anti-lock braking system (ABS)
- Audi connect Emergency Call & Service (includes the following services: - Legal emergency call - Audi connect emergency call. In the event of a serious accident, an emergency call is automatically triggered. - Online breakdown call. In the event of a breakdown, the customer can trigger the online breakdown call via the service call button in the overhead module. - Audi Damage Service. If the vehicle sensors detect a minor accident without airbag deployment and/or seatbelt tensioning, the customer is automatically informed via the Audi Damage Service. - Audi service appointment online.)
- Audi pre sense basic (within the system's limits, it initiates preventive safety measures for the occupants by networking and coordinating different vehicle systems. In unstable driving conditions, the front seat belts are electrically tightened. Depending on the situation, the windows close. The hazard warning lights are activated to warn following traffic.)
- Electrically adjustable and heated exterior mirrors (with integrated LED turn signals, including heated windshield washer nozzles)
- third brake light
- black roof rails
- Decorative inlays Micrometallic silver
- Diesel particulate filter (DPF)
- Digital instrument cluster - fully digital instrument cluster in 10.25 inches (speed, time, mileage, outside temperature, fuel warning with remaining range, shift indicator (for manual and automatic transmissions in manual mode), current radio station or music track, radio and media lists, classic-style display; if available: telephone menu (in conjunction with multifunction steering wheel), trip computer with short- and long-term memory, fuel-saving tips for more economical driving including break recommendations)
- Electronic Stability Control (ESC)
- Chassis: Comfort chassis (Comfortably tuned chassis - front with a McPherson strut axle with lower wishbones, subframe and stabilizer - rear with a four-link rear axle with separate spring and damper arrangement, subframe and stabilizer)
- Legal emergency call (complies with the legal requirements of the pan-European emergency call system. The emergency call is triggered either manually or automatically in the event of a serious accident and establishes a voice connection with a local emergency services control center in the respective national language. In addition, vehicle-related data is collected and also sent to the local emergency services control center.)
- Electrically operated child safety lock

- ISOFIX and Top Tether child seat attachments for the outer rear seats (standard mounting for the convenient attachment of i-Size and ISOFIX child seats - including an additional attachment point (Top Tether). Recommended child seats are available from your Audi dealer.)
- Headrests (5) front and rear
- Steering wheel: Leather steering wheel in a 3-spoke design with multifunction controls (height and reach of the steering wheel are manually adjustable. For convenient operation of the extensive standard and optional infotainment features, the steering wheel is equipped with 6 multifunction buttons.)
- Wheel: Tire pressure monitoring system (visual and audible warning in case of pressure loss in one or more wheels)
- Rear seat plus (rear seat back foldable in a 40:20:40 ratio - rear seat bench adjustable lengthwise - rear seat backrest adjustable in tilt)
- Electromechanical power steering (with speed-dependent steering assistance)
- Seat covers in Argument fabric (seat center panel in Argument fabric - inner and outer seat side bolsters, headrests, comfort center armrest in front (if ordered) in solid black fabric)
- Lane Change Warning (The system uses two radar sensors to measure the distance and speed difference of vehicles approaching from behind. If a hazard is detected, the system warns the driver of this potential danger when changing lanes by displaying a warning in the respective side mirror. In conjunction with Parking Aid Plus or Parking Assistant including Rear Cross Traffic Alert, the system assists the driver when reversing out of perpendicular parking spaces.)
- Telephone: Bluetooth interface (The smartphone can be connected to the vehicle via Bluetooth to play music through the vehicle or to make phone calls. Depending on the smartphone model, emails and SMS messages can also be displayed in the MMI via Bluetooth.)
- Glazing: Windscreen in heat-insulating and acoustic glazing (heat-insulating glass)
- Central locking (with remote control)
- Manual air conditioning (cools or heats the vehicle interior - air distribution and fan manually adjustable - manual recirculation mode - particle filter - dust and odor separating cabin air filter, which ensures a lower burden of dust particles, odors and allergens in the vehicle interior)
- LED headlights (low beam, high beam, daytime running lights and position lights in LED technology - turn signals in incandescent bulb technology)
- Light/rain sensor (for controlling the automatic headlight switching, the windshield wipers and the coming home/leaving home function)
- Wheel: Light alloy wheels in 5-arm design (7 J x 18 with tires 235/55 R 18)
- Radio: MMI Radio plus (digital instrument cluster 10.25 inch - 10.1" color display incl. MMI touch - AM/FM radio reception - DAB+ - USB interface with charging function - Bluetooth interface - hands-free calling and audio streaming - voice control for telephony, media - 6 passive speakers, 4 front, 2 rear, 80 watts - Audi connect emergency call & service with Audi connect remote & control - speed-dependent volume adjustment - accent area in the instrument panel and triangular trim panels of the front doors in black glass look)
- Lane Departure Warning (within system limits, helps prevent unintentional lane departures. If the system is activated and ready, and the driver has not used the turn signal, the Lane Departure Warning helps prevent crossing detected lane markings by making corrective steering interventions. Additional steering wheel vibration can be set at the driver's request. Functional range from approximately 60 km/h)
- Start-stop system with recuperation (helps reduce fuel consumption and CO2 emissions by switching off the engine during stationary phases, e.g. at traffic lights. For a restart, the starting process is initiated as soon as the clutch is depressed (manual transmission) or the foot brake is released (S tronic). Can be deactivated at any time via a switch).
- Electronic immobilizer (integrated into the engine control unit, automatic activation via vehicle key)

Extra equipment

- Parking aid plus (supports the driver with acoustic signals and a display in the MMI when parking and maneuvering. The parking aid is activated by engaging reverse gear or via a button in the center console, or automatically when the distance to a detected object is less than 90 cm. Automatic activation can be switched on and off.)
- Comfort center armrest in front (adjustable in tilt, movable in length)
- Paint finish: Metallic
- Wheel: Spare wheel, space-saving
- Wheel: Jack
- Seats: 4-way lumbar support (electrically adjustable, horizontally and vertically)
- Front seat heating (heats seat and backrest center section for standard seats, otherwise seat and backrest center section as well as seat side bolsters - individually adjustable in 3 stages for driver and front passenger via direct selection button on the climate control unit)
- Electrically opening and closing tailgate (The tailgate can be opened electrically by pressing the button on the vehicle key, in the driver's door, or the soft-touch button on the tailgate handle. Closing the tailgate is just as easy and convenient: simply press the button on the inside of the tailgate, the button in the driver's door, or the button on the optional comfort key. A soft-close mechanism makes manual closing easier when necessary.)
- Business package (MMI Navigation plus - 3-spoke leather steering wheel with multifunction plus - Audi virtual cockpit plus - Audi phone box - Audi connect Navigation & Infotainment plus - Cruise control)
- Seats: Front sports seats (with manual adjustment of seat height, seat longitudinal position, backrest angle, headrest and seat belt height)
- 12-volt socket and 2 x USB ports in the rear (12-volt on-board power socket and 2 x USB-C ports for charging devices)

Brief expert findings

Documents submitted	At the time of the inspection, the vehicle registration certificate Part 2 (title) was available, but the vehicle registration certificate Part 1 (document) was not. (Copy)
VIN comparison	The vehicle identification number (VIN) was read from the vehicle and its conformity with the submitted documents was confirmed by the undersigned during the inspection.
Inspection	The inspection conditions were sufficient for the assessment of the vehicle. Lifting equipment and/or a pit were available for examining the vehicle.
Test drive	No test drive/shunting maneuver was carried out during the inspection of the vehicle.
Engine function test	An engine test run was performed.
readiness to drive	The vehicle was roadworthy at the time of inspection.

Value reducing factors

No.	Component group	Description
1	Side panel - rear right side	Side panel - Scratch(es) - Smart repair
2	Seat - front	Seat cover - right side - Burn hole (cigarettes) - Replace
3	Door - rear left side	Door - Scratch(es) - Paint
4	Front bumper	Front bumper - Scratch(es) - Paint
5	Vehicle glazing	Windscreen (mit Riss) - Stone chips - Replace

Wear and tear

No.	Component group	Description
1	Bonnet	Bonnet - Stone chips - No deduction
2	Mudguard - right side	Wheel well extension - Scratch(es) - No deduction
3	Boot lid / rear door	Boot lid - Scratch(es) - No deduction

The vehicle shows signs of wear and tear commensurate with its age and use.

Previous damages

No.	Previous damage	Extent of damage (Net)
1	Front, Side - left, Provided by user / customer, from 7 Oct 2025	2.763,34 €

Repainting

No. Repainting

1 Mudguard - left side, Professionally carried out, Invoice of repair done Non-existent

Paint coat thickness measurement

Mudguard - left side 352 µm

Order/Scope of Order

An order was placed to prepare a sales report for the described vehicle. This report includes the following:

- Description of key vehicle information
- Documentation of equipment features
(Delivery by third-party service providers)
- Documentation of damage, defects, missing parts
- Documentation of prior damage, unrepaired prior damage, repainting
- A brief visual or functional inspection of the equipment details, if possible.
(Functional testing of driver assistance systems is not included in the scope of services!)
- a photographic documentation of the vehicle

Basis for the order

This product is based on the guidelines for vehicle returns and valuations published by Alphabet Fleet GmbH. The expert makes the specific findings in each individual case objectively, within the framework of the prescribed standards, based on their own expertise.

The vehicle inspection takes place in a fully assembled, unassembled state.

Damage or defects that can only be detected during disassembly/diagnostic work or through further investigation remain within the realm of prognostic risk. An increased risk exists due to concealed defects caused by fraudulent misrepresentation and which were not identifiable by the expert.

Damage or defects resulting from normal use or wear and tear of the vehicle will be accepted in accordance with the applicable standard.

There was no explicit identification or monetary consideration of the expected features within the product.

Features which, in their nature and extent, slightly exceed normal use but do not constitute unacceptable damage, will be documented and indicated as signs of wear, if applicable.

Damage or defects that, according to the applicable standard, can no longer be attributed to normal use or wear and tear are listed under "Value Reducing Factors" in the product description.

Depending on the product specification, a monetary ID can be provided. If this takes place, the costs can be 100% d or pro rata depending on the vehicle's age and mileage.

Previous damages

According to available information previous damages were repaired at the vehicle. Traces of repairs, which allow conclusions about the area of repair, were not recognizable during the inspection.

Comments

- Winterradsatz ist kein Bestandteil des Auslieferumfangs.
