Information on the content and the scope of the inspection report:

- The assessment is based on the sales standards specified by the customer.
- Acceptable usage damages according to the sales standards are not always documented in this status report.
- The specified repair methods and/or resulting repair times have been determined, taking into account modern industrial repair methods.
- The purchasing dealer should assess individual repair costs.
- The inspection was carried out in a non-disassembly condition. Macadam cannot be held responsible for any missing information. For further information, please contact the seller.
