

Expertise

Protocol number: 45902692
Order No. / Reference: 26316554-1
Inspection date: 11 May 2026

Manufacturer: Audi

Model: A6 Limo 55 TFSI quattro S tronic S line

VIN: WAUZZZF21RN064474

ALPHABET

ALPHABET

Vehicle details

Manufacturer / Type / Model / Equipment

Audi A6 Limo 55 TFSI quattro S tronic S line

Vehicle Identification number WAUZZZF21RN064474

Mileage (Read) 25,209 km

First registration 23 Oct 2024

Number of holders 1

Next periodical technical inspection 10/2027

(Report not on hand)

Power / Engine displacement 250 kw / 2,995 ccm

Fuel type / Cylinder Hybrid Petrol / E / 6

Gearbox / Number of gears Automatic / 8

Type of drive All-wheel drive

Type of vehicle Saloon car

Colour / colour code Foil silver metallic (Z7G)

Doors / Seats 4 / 5

Upholstery type Cloth / leather combination

Colour of upholstery Black-Anthracite

Re-import no

Vehicle with smoke odor no

readiness to drive Roadworthy

Vehicle details

Maintenance booklet / proof	digital proof / complete	Next maintenance in	4,900 km
Key is / should be	2 / 2	FZG documents	ZB#2 (B) was available (copy), ZB#1 (S) was not available.
		Letter No.	HD653471
Previous damage / Accident	None detectable	Repainting	None detectable
Inspection conditions	sufficient	Lifting equipment / pit	yes
Test drive	short drive on the company premises	Engine function test	Performed
readiness to drive	Roadworthy		
Manufacturer key number/ type code number	0588 / BTR 01814		
Emission standard	EURO6;WLTP;EA;PI/CI;M, N1, N2	fine dust sticker	
Permitted total weight	2,400 kg	Empty weight	

Tyres

Mounted tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	245/45 R19 102Y	Summer tyres on Light alloy	Continental	5mm / 5mm
2)	245/45 R19 102Y	Summer tyres on Light alloy	Continental	6mm / 6mm

Additional tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	225/55 R18 102V	Winter tyres on Light alloy	Bridgestone	6mm / 6mm
2)	225/55 R18 102V	Winter tyres on Light alloy	Bridgestone	6mm / 6mm

Replacement

Typ	Tyre size	Type of tyre	Manufacturer	Tread depth
Tirefit		Expiration date 09/2029		

Legend: Tread depth information for the left tire is listed first, for the right tire it is listed second on the axle in the direction of travel.

Equipment

Standard equipment

- Airbag for driver and front passenger
- "quattro" all-wheel drive with ultra technology
- Audi connect navigation & infotainment
- Audi drive select
- Audi pre sense front
- Electrically adjustable and heated exterior mirrors
- Control buttons, matte black
- third brake light
- Decorative inlays, fine lacquer, graphite grey
- Door sills with aluminum inlay front and rear
- Window trim strips, aluminum look
- Automatically opening luggage compartment lid/manually opening luggage compartment lid
- Heated rear window
- Interior mirror dimming
- 2-zone automatic climate control
- Comfort center armrest in front
- Paint finish: Solid
- Steering wheel: Leather steering wheel with multifunction controls
- Non-smoking version
- Progressive steering
- Wheel: Tire pressure monitoring system
- Wheel: Tire repair kit
- Fabric seat covers with effect
- Sun visor on driver and passenger side
- Start-stop system
- Glazing: Windscreen in heat-insulating glazing
- Glazing: Rear window, rear door and side windows in clear glass
- Thermal insulation glazing on the sides and rear
- Airbag: Front side airbags and head airbag system
- Anti-lock braking system (ABS)
- Audi connect emergency call & service m.connect remote & control
- Audi virtual cockpit plus
- Exterior mirror housings in body color
- Vehicle tool kit
- Fabric headliner
- Parking aid plus with surround view
- Electronic Stability Control (ESC)
- key fob
- Cruise control system with speed limiter
- Transmission: S tronic 7-speed
- Interior lighting
- ISOFIX child seat attachment and Top Tether for the outer rear seats
- Headrests (4)
- LED headlights
- Manual steering wheel adjustment
- MMI Navigation plus with MMI touch response
- Otto particulate filter
- Wheel: Light alloy wheels, 5-arm dynamic design, platinum grey
- Radio: MMI Radio plus with MMI touch response
- Seats: Standard front seats
- Lane Departure Warning
- First aid kit including warning triangle and high-visibility vests
- Camera-based traffic sign recognition
- Electronic immobilizer
- Central locking with remote control

Extra equipment

- Airbag: Front and rear side airbags including head airbag system and illuminated seatbelt buckles (Side airbags in the rear, in addition to the front side airbags and the head airbag system, offer extra protection for rear passengers. Illuminated seatbelt buckles increase passenger comfort and enhance the interior with subtle, high-quality lighting.)
- Assistance Package Tour
- Auxiliary heater/ventilation (The auxiliary heater warms the interior and defrosts the windows without starting the engine. The auxiliary ventilation system supplies fresh air and lowers the interior temperature. Both functions can be activated via a timer and separate remote control. An intelligent control system with timer and departure time programming calculates the heating duration efficiently in terms of time and energy. Separate remote control with illuminated display. 2 selectable heating modes: - defrost (defrost mode for the windows only) - warm)
- Business Package (Assistance Package Tour (adaptive speed assist, efficiency assist, turn assist, evasive steering assist, emergency assist) - 4-zone automatic climate control - heated front seats - Audi phone box (Bluetooth connection, hands-free system, USB or wireless charging, phone storage) - automatically dimming interior mirror - automatically dimming exterior mirrors - adaptive windscreen wipers with integrated washer nozzles - high-beam assist)
- Chassis: adaptive air suspension (The adaptive air suspension is an electronically controlled air suspension with continuously adaptive damping at all four wheels. Load-dependent and automatic control of vehicle level and damping simultaneously achieves a very high level of ride comfort and increased driving dynamics. A lower ride height setting reduces air resistance. Various modes can be selected via Audi drive select: auto, comfort, dynamic, lift)
- Decorative inlays: Dark brushed matt aluminum
- Electric sunshade for the rear window (manual for the rear door windows)
- Front seat heating
- Fuel tank (73 liters) (fuel tank for 73 liters of gasoline/diesel fuel)
- Glazing: Sun protection glazing, tinted (rear window, rear door and side windows tinted)
- Head-up Display (Upon request, the speed and other driver-relevant information from MMI Navigation plus, as well as from optional equipment such as assistance systems and warning messages, are projected into the driver's direct line of sight. This reduces the need to take the eyes off the road. The multi-color display provides a high-contrast image. The projection area of the discreetly integrated head-up display is adjustable in height and brightness.)
- LED headlights HD Matrix, LED taillights and headlight cleaning system
- Comfort key with sensor-controlled luggage compartment unlocking (With the comfort key, the vehicle can be opened at the doors and the luggage compartment lid via wireless communication between the key and the vehicle, and locked again via the sensors on the door handles. The vehicle can also be opened by operating the door handle without actively using the key. Convenient unlocking and opening of the luggage compartment lid is possible using the luggage compartment button on the comfort key or with a foot gesture via a kicking motion.)
- Electric door closing assist (The door closing assist ensures quiet and reliable closing of the vehicle doors. It is sufficient to let the doors fall lightly into the lock: The door closing assist automatically pulls doors that are not fully latched into the lock.)
- Electrically adjustable, heated and folding exterior mirrors, automatically dimming on both sides
- Electrically operated tailgate (The tailgate can be opened electrically by pressing the button on the comfort key, in the driver's door, or the soft-touch button on the tailgate handle. With the comfort key, a simple kicking motion at the rear of the vehicle is sufficient to unlock, open, and close the tailgate. There are many ways to open and close the tailgate. Simple and convenient.)
- Exterior mirror housings in body color in V with sport edition
- Glazing: Acoustic glazing for the side windows (improved external noise insulation through double glazing)
- Glazing: Wirelessly heated climate comfort and acoustic glazing windshield (The continuous, wireless heating of the windshield made of climate comfort and acoustic glazing improves forward visibility under a wide range of weather conditions. The heated wiper blade rest prevents the wipers from freezing in sub-zero temperatures. Control is managed via the automatic climate control system. Additionally, the reflective coating on the windshield reduces the heating of the interior in strong sunlight.)
- Instrument panel and door trim, two-piece, single/multi-color
- Lane change warning including Audi pre sense rear, exit warning and rear cross-traffic assist (Lane change warning helps the driver monitor the blind spot and traffic behind the vehicle. Exit warning warns of a possible collision when opening a door while the vehicle is stationary. Rear cross-traffic assist (Audi pre sense rear) uses data from the radar sensors.
- Night Vision Assistant (This system assists with night driving by displaying an infrared thermal image of the road ahead in the Audi virtual cockpit. Detected pedestrians and larger wild animals are highlighted in yellow. If a potential hazard is identified based on their movement and position, the highlight changes to red. A warning triangle also appears on the display, and an acoustic warning is triggered. The Night Vision Assistant activates automatically in darkness.)

- Package: Ambient Lighting Package Plus (Color customization options for: - Front and rear door pockets - Control panel in front/rear doors - Ambient fabric lighting in front/rear doors - Ambient lighting in the front center console - Control panel in the front center console - Control panel with illuminated quattro lettering (for all-wheel drive) in the instrument panel on the passenger side - Ambient lighting in the instrument panel)
- Package: Storage package (2 cup holders in the rear center armrest - double bag hooks in the luggage compartment - luggage compartment net for fixing to the lashing eyes on the luggage compartment floor)
- Paint finish: Metallic
- Radio accessories: Audi sound system (10 speakers including center speaker and subwoofer - 6-channel amplifier - total output of 180 watts)
- Reversing camera (The reversing camera displays the area behind the vehicle on the upper display. Dynamic display elements such as a steering angle-dependent lane calculation assist with parking or maneuvering.)
- Seats: 4-way lumbar support
- Steering wheel: Leather steering wheel, 3-spoke, with multifunction and paddle shifters
- Wheel: Winter alloy wheels, 5-arm design (8 J x 18 with tires 225/55 R 18)

- Parking assistant with parking aid plus (The parking assistant supports parking maneuvers by making suitable steering corrections. Ultrasonic sensors search for suitable parallel and perpendicular parking spaces. For perpendicular parking spaces (forwards and backwards), the ideal parking path is calculated; for parallel parking spaces, the ideal entry and exit paths are calculated. The system takes over the steering. The driver only needs to follow the instructions on the display to change gears, accelerate, brake, and monitor the parking process.)
- Phone: Preparation for smartphone interface
- S line interior package (sports seats in front with 4-way lumbar support - seat covers in fabric/leather combination with S embossing in the front backrests - 3-spoke leather steering wheel with multifunction and shift paddles in black with contrast stitching including leather steering wheel grips and S emblem - dark brushed matt aluminum inlays - black fabric headliner - stainless steel pedals and footrest - illuminated door sill trims with aluminum inlays front and rear, with S lettering at the front - split-folding rear seat backrest)
- Seat covers in fabric combination Sequenz/leather with S-embossing
- Seats: Front sports seats
- Sun visor on driver and passenger side, extendable

Retrofitted equipment

- Premium textile floor mats, for the rear, black/steel

Brief expert findings

Documents submitted	At the time of the inspection, the vehicle registration certificate Part 2 (title) was available, but the vehicle registration certificate Part 1 (document) was not. (Copy)
VIN comparison	The vehicle identification number (VIN) was read from the vehicle and its conformity with the submitted documents was confirmed by the undersigned during the inspection.
Inspection	The inspection conditions were sufficient for the assessment of the vehicle. Lifting equipment and/or a pit were available for examining the vehicle.
Test drive	A short maneuvering and shunting exercise was carried out on the company premises.
Engine function test	An engine test run was performed.
readiness to drive	The vehicle was roadworthy at the time of inspection.

Value reducing factors

No.	Component group	Description
1	Wheel / tyres	Alloy rim - rear right side - Scratch(es) - Loss in value
2	Wheel / tyres	Alloy rim - rear left side - Scratch(es) - Loss in value

Wear and tear

No.	Component group	Description
1	Front bumper	Front bumper - Stone chips - No deduction
2	Vehicle glazing	Windscreen - Stone chips - No deduction
3	Body	Body - Scratch(es) - No deduction
4	Wing mirror - right side	Cap - Scratch(es) - No deduction

The vehicle shows signs of wear and tear commensurate with its age and use.

Order/Scope of Order

An order was placed to prepare a sales report for the described vehicle. This report includes the following:

- Description of key vehicle information
- Documentation of equipment features
(*Delivery by third-party service providers*)
- Documentation of damage, defects, missing parts
- Documentation of prior damage, unrepaired prior damage, repainting
- A brief visual or functional inspection of the equipment details, if possible.
(*Functional testing of driver assistance systems is not included in the scope of services!*)
- a photographic documentation of the vehicle

Basis for the order

This product is based on the guidelines for vehicle returns and valuations published by Alphabet Fleet GmbH. The expert makes the specific findings in each individual case objectively, within the framework of the prescribed standards, based on their own expertise.

The vehicle inspection takes place in a fully assembled, unassembled state.

Damage or defects that can only be detected during disassembly/diagnostic work or through further investigation remain within the realm of prognostic risk. An increased risk exists due to concealed defects caused by fraudulent misrepresentation and which were not identifiable by the expert.

Damage or defects resulting from normal use or wear and tear of the vehicle will be accepted in accordance with the applicable standard.

There was no explicit identification or monetary consideration of the expected features within the product.

Features which, in their nature and extent, slightly exceed normal use but do not constitute unacceptable damage, will be documented and indicated as signs of wear, if applicable.

Damage or defects that, according to the applicable standard, can no longer be attributed to normal use or wear and tear are listed under "Value Reducing Factors" in the product description.

Depending on the product specification, a monetary ID can be provided. If this takes place, the costs can be 100% d or pro rata depending on the vehicle's age and mileage.

Previous damages

No apparent prior damage that had been repaired could be found on the vehicle.
