

Expertise

Protocol number: 46496921
Order No. / Reference: 26626749
Inspection date: 14 Jul 2026

Manufacturer: Audi
VIN: WAUZZZF3XP1122854

Model: Q3 40 TDI quattro S tronic S line

Vehicle details	
Manufacturer / Type / Model / Equipment	
Audi Q3 40 TDI quattro S tronic S line	
Vehicle Identification number	WAUZZZF3XP1122854
Mileage (Read)	121,127 km
First registration	24 Apr 2023
Number of holders	1
Next periodical technical inspection	04/2026
(Report not on hand)	
Power / Engine displacement	147 kw / 1,968 ccm
Fuel type / Cylinder	Diesel / 4
Gearbox / Number of gears	Automatic / 7
Type of drive	All-wheel drive
Type of vehicle	SUV
Colour / colour code	ibisweiss (Y9C)
Doors / Seats	5 / 5
Upholstery type	Cloth / leather combination
Colour of upholstery	Black-Red
Re-import	no
Vehicle with smoke odor	no
readiness to drive	Roadworthy

Vehicle details

Maintenance booklet / proof	digital evidence / incomplete	Next maintenance in	-1,000 km
Last service on / at	08/2025 at 91,261 km		
Key is / should be	2 / 2	FZG documents	ZB#2 (B) was available (copy), ZB#1 (S) was not available.
		Letter No.	GS557580
Previous damage / Accident	Detectable	Repainting	Detectable
Inspection conditions	sufficient	Lifting equipment / pit	yes
Test drive	Not performed	Engine function test	Performed
readiness to drive	Roadworthy		
Manufacturer key number/ type code number	0588 / BVS 01790		
Emission standard	EURO6;WLTP;AP;PI/CI; M, N1 I	fine dust sticker	
Permitted total weight	2,250 kg	Empty weight	

Tyres

Mounted tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	235/50 R19 99V	Summer tyres on Light alloy	Goodyear	5mm / 5mm
2)	235/50 R19 99V	Summer tyres on Light alloy	Goodyear	5mm / 5mm

Additional tyres

#	Tyre size	Type of tyre	Manufacturer	Tread depth
1)	215/65 R17 99V	Winter tyres on Light alloy	Goodyear	0mm / 0mm
2)	215/65 R17 99V	Winter tyres on Light alloy	Goodyear	2mm / 2mm

Replacement

Typ	Tyre size	Type of tyre	Manufacturer	Tread depth
	Tirefit	Expiration date 02/2027		

Legend: Tread depth information for the left tire is listed first, for the right tire it is listed second on the axle in the direction of travel.

Equipment

Standard equipment

- Airbag for driver and front passenger (with front passenger airbag deactivation)
- All-wheel drive "quattro" (permanent all-wheel drive with electronically controlled multi-plate clutch on the rear axle and wheel-selective torque control. The intelligent quattro strategy continuously monitors the driving conditions and distributes the drive torque between the front and rear axles via a multi-plate clutch, depending on the situation. The wheel-selective torque control integrated into the ESC gently brakes the inside wheels during sporty cornering, thus increasing the drive torque to the outside wheels).
- Audi connect Remote & Control (The services of Audi connect Remote & Control connect the vehicle to your smartphone. The myAudi app allows you to remotely access the vehicle, view its last parking position and current vehicle status. - Parking position - Vehicle status and driving data - Remote locking and unlocking - Remote control of the auxiliary heater - Push notifications for the anti-theft alarm system)
- Audi pre sense front (within system limits, uses a front radar to detect the area in front of the vehicle and warns the driver with visual and acoustic signals to indicate a potential hazard caused by vehicles ahead, whether moving or stationary. Pedestrian and cyclist detection registers, within system limits, when a pedestrian or cyclist is moving on or crossing the road. The system then warns the driver with an acoustic and visual signal.)
- Hill start assist (after prolonged use of the foot brake while stationary, the built-up brake pressure is maintained for a short moment after releasing the foot brake; this automatic braking intervention makes it easier for you to start comfortably on inclines)
- Door sill trims with aluminum inlay (front, illuminated, with S lettering)
- Electromechanical parking brake (includes parking brake function when stationary, starting aid by automatic release when starting off and emergency braking function while driving via all four wheels)
- Electronic Stability Control (ESC)
- Chassis: Sport chassis (sporty chassis with firmer spring and damper settings)
- Electric windows front and rear
- Adjustable speed limiter (allows individual limiting of the maximum speed from 30 km/h, e.g., within built-up areas. When the set limit is reached, the vehicle's speed is smoothly reduced. Operation is via a separate steering column lever. The set maximum speed is displayed in the driver information system. The limit can be overridden at any time by using kick-down.)
- Transmission: S tronic 7-speed
- Heated rear window
- Electrically operated child safety lock
- Headrests (5) front and rear
- Paint finish: Solid
- Airbag: Front side airbags and head airbag system (front side airbags integrated into the seatbacks; with additional head airbag system; deploys in front of the side window area and thus helps to protect front and outer rear passengers in the event of a side impact)
- Anti-lock braking system (ABS)
- Audi connect Emergency Call & Service (includes the following services: - Legal emergency call - Audi connect emergency call. In the event of a serious accident, an emergency call is automatically triggered. - Online breakdown call. In the event of a breakdown, the customer can trigger the online breakdown call via the service call button in the overhead module. - Audi Damage Service. If the vehicle sensors detect a minor accident without airbag deployment and/or seatbelt tensioning, the customer is automatically informed via the Audi Damage Service. - Audi service appointment online.)
- Audi pre sense basic (within the system's limits, it initiates preventive safety measures for the occupants by networking and coordinating different vehicle systems. In unstable driving conditions, the front seat belts are electrically tightened. Depending on the situation, the windows close. The hazard warning lights are activated to warn following traffic.)
- Electrically adjustable and heated exterior mirrors (with integrated LED turn signals, including heated windshield washer nozzles)
- third brake light
- black roof rails
- Decorative inlays Micrometallic silver
- Diesel particulate filter (DPF)
- Digital instrument cluster - fully digital instrument cluster in 10.25 inches (speed, time, mileage, outside temperature, fuel warning with remaining range, shift indicator (for manual and automatic transmissions in manual mode), current radio station or music track, radio and media lists, classic-style display; if available: telephone menu (in conjunction with multifunction steering wheel), trip computer with short- and long-term memory, fuel-saving tips for more economical driving including break recommendations)
- front and rear floor mats
- Legal emergency call (complies with the legal requirements of the pan-European emergency call system. The emergency call is triggered either manually or automatically in the event of a serious accident and establishes a voice connection with a local emergency services control center in the respective national language. In addition, vehicle-related data is collected and also sent to the local emergency services control center.)
- rear window wiper
- ISOFIX and Top Tether child seat attachments for the outer rear seats (standard mounting for the convenient attachment of i-Size and ISOFIX child seats - including an additional attachment point (Top Tether). Recommended child seats are available from your Audi dealer.)
- Light/rain sensor (for controlling the automatic headlight switching, the windshield wipers and the coming home/leaving home function)

- Steering wheel: Leather steering wheel in a 3-spoke design with multifunction controls (height and reach of the steering wheel are manually adjustable. For convenient operation of the extensive standard and optional infotainment features, the steering wheel is equipped with 6 multifunction buttons.)
- Wheel: Tire repair kit (12V compressor and tire sealant, maximum speed 80 km/h)
- Radio: MMI Radio plus (digital instrument cluster 10.25 inch - 10.1" color display incl. MMI touch - AM/FM radio reception - DAB+ - USB interface with charging function - Bluetooth interface - hands-free calling and audio streaming - voice control for telephony, media - 6 passive speakers, 4 front, 2 rear, 80 watts - Audi connect emergency call & service with Audi connect remote & control - speed-dependent volume adjustment - accent area in the instrument panel and triangular trim panels of the front doors in black glass look)
- Lane Departure Warning (within system limits, helps prevent unintentional lane departures. If the system is activated and ready, and the driver has not used the turn signal, the Lane Departure Warning helps prevent crossing detected lane markings by making corrective steering interventions. Additional steering wheel vibration can be set at the driver's request. Operating range from approximately 60 to a maximum of 250 km/h)
- Start-stop system with recuperation (helps reduce fuel consumption and CO2 emissions by switching off the engine during stationary phases, e.g. at traffic lights. For a restart, the starting process is initiated as soon as the clutch is depressed (manual transmission) or the foot brake is released (S tronic). Can be deactivated at any time via a switch).
- Glazing: Windscreen in heat-insulating and acoustic glazing (heat-insulating glass)
- Central locking (with remote control)
- Wheel: Tire pressure monitoring system (visual and audible warning in case of pressure loss in one or more wheels)
- Rear seat plus (rear seat back foldable in a 40:20:40 ratio - rear seat bench adjustable lengthwise - rear seat backrest adjustable in tilt)
- Electromechanical power steering (with speed-dependent steering assistance)
- Seat covers in Argument fabric (seat center panel in Argument fabric - inner and outer seat side bolsters, headrests, front center armrest (if ordered) in solid black fabric)
- Seats: Standard front seats (with manual adjustment of seat height, seat longitudinal position, backrest angle, headrest height and seat belt height)
- Lane Change Warning (The system uses two radar sensors to measure the distance and speed difference of vehicles approaching from behind. If a hazard is detected, the system warns the driver of this potential danger when changing lanes by displaying a warning in the respective side mirror. In conjunction with Parking Aid Plus or Parking Assistant including Rear Cross Traffic Alert, the system assists the driver when reversing out of perpendicular parking spaces.)
- Telephone: Bluetooth interface (The smartphone can be connected to the vehicle via Bluetooth to play music through the vehicle or to make phone calls. Depending on the smartphone model, emails and SMS messages can also be displayed in the MMI via Bluetooth.)
- Electronic immobilizer (integrated into the engine control unit, automatic activation via vehicle key)

Extra equipment

- Aluminum look in the interior (elements on the mirror adjustment switch, the window regulator switches, the parking brake control button and door trim strips in aluminum look)
- Decorative inlays, dark brushed matt aluminum
- Parking aid plus (supports the driver with acoustic signals and a display in the MMI when parking and maneuvering. The parking aid is activated by engaging reverse gear or via a button in the center console, or automatically when the distance to a detected object is less than 90 cm. Automatic activation can be switched on and off.)
- Automatically dimming, frameless interior mirror (can increase safety, as reduced glare improves the perception of following traffic at night - less glare at night, among other factors, can help to recognize other vehicles in the interior mirror more quickly and better - reduced glare can help to prevent eye fatigue)
- Comfort key (The comfort key offers convenient control for access and engine start authorization without having to actively use the vehicle key. With the electronic access and drive authorization system, you can open your vehicle at the doors and tailgate via wireless communication between the key and the vehicle, and lock it again using the sensors on the door handles. For this to work, the comfort key simply needs to be carried with you.)
- Steering wheel: Leather steering wheel in a 3-spoke design with multifunction plus (The steering wheel impresses with its high-quality look and aluminum trim and feels good in the hand. Height and reach of the steering wheel are manually adjustable. For convenient operation of the extensive standard and optional infotainment features, the steering wheel is equipped with 12 multifunction buttons.)
- Storage and luggage compartment package (flexible transport of items and comfort while traveling, consisting of: - storage net on the back of the front seats - storage compartment under the passenger seat - luggage compartment light (LED) in the tailgate for lighting the trunk - luggage compartment net - 12-volt socket in the trunk tray in the left side panel)
- Assistance package in conjunction with Business (Adaptive Cruise Control (combines adaptive cruise control with lane keeping assist) - Emergency Assist (Lane Departure Warning. If the driver does not react, the system takes over control of the vehicle and automatically brings it to a stop in its lane; the hazard warning lights are activated.) - High Beam Assist - Parking Assist Plus)
- Dynamic package (Adaptive suspension - Audi drive select - Progressive steering - Sound actuator - Decorative foil Audi rings on the sides in Platinum Grey - Brake calipers painted red (only for Q3 40 TDI and 45 TFSI))
- Comfort package (Smartphone interface - front center armrest - comfort key - heated front seats - rear parking aid - electrically opening and closing tailgate)
- Black Optics Package Plus (Black optics package with Audi rings front/rear as well as model designation and performance/technology lettering in black)
- Electrically adjustable, heated and folding exterior mirrors, automatically dimming on both sides (including curb view function for passenger-side exterior mirror with integrated LED turn signal, including heated windshield washer nozzles; the curb view function folds the passenger-side mirror down when reverse gear is engaged, giving the driver a better view of the curb edge)
- Deletion of model designation and performance/technology lettering
- High-beam assist (within the system's limitations, it automatically detects oncoming headlights, taillights of other road users, and light sources in built-up areas. Depending on the traffic situation, the high beams are automatically switched on or off. The system thus improves the driver's visibility and increases comfort.)
- 3-zone automatic climate control (electronically regulates air temperature, volume and distribution - separate temperature distribution for driver, front passenger and rear - sun position-dependent control - automatic recirculation control via air quality sensor - dust and odor separating allergen filter - air vents in the rear center console - separate defroster button for faster defrosting of the front and side windows)
- LED headlights with LED taillights with dynamic turn signals (functions include: daytime running lights, low beam, high beam (from MY20), position lights, turn signals, cornering lights, all-weather lights, motorway lights (extended range at high speeds), maneuvering lights (illumination of the swivel area when reversing), static cornering lights, automatic dynamic headlight range control, intersection lights (only with MMI Navigation plus), turn signals, brake lights, tail lights, reversing lights and rear license plate lights in LED technology)
- Ambient Lighting Package Plus (content changes and color adjustments in addition to the Ambient Lighting Package: A selection of 30 colors is available. - Contour lighting front/rear doors - Entry lights on the underside of the rear doors - Ambient fabric panel lighting in the front/rear doors - Side ambient lighting of the front center console - Illuminated storage compartment under the instrument panel - Illuminated quattro lettering or Audi rings (for front-wheel drive) on the passenger side of the instrument panel)
- Business package (MMI Navigation plus - 3-spoke leather steering wheel with multifunction plus - Audi virtual cockpit plus - Audi phone box - Audi connect Navigation & Infotainment plus - Cruise control)
- S line interior package (sports seats with S embossing - seat upholstery in Puls fabric/mono.pur 550 synthetic leather combination - leather steering wheel in 3-spoke design with multifunction plus including steering wheel grips and gear selector knob in perforated leather, S line emblem - decorative inlay in matt brushed dark aluminum - accent surfaces in fine lacquer slate grey - headliner in black fabric - door sill trims with aluminum inlays, illuminated, with S lettering - loading sill protection in stainless steel - pedals and footrest in stainless steel - floor mats front/rear - rear bench seat plus with center armrest)

- Wheel: Light alloy wheels in 20-spoke V design, graphite grey, polished (7 J x 19 with tires 235/50 R 19)
- Radio accessories: SONOS Premium Sound System with 3D sound (The 15 tuned high-performance speakers, including center speaker and subwoofer, deliver an outstanding sound experience. The 16-channel amplifier has a total output of 680 watts. The new, virtual 3D sound effect creates an immersive sound experience. This is generated by four speakers in the instrument panel, two speakers in the C-pillar, and Fraunhofer Symphoria technology. The 3D sound can be generated with a variety of sources.)
- Seats: 4-way lumbar support (electrically adjustable, horizontally and vertically)
- 12-volt socket and 2 x USB ports in the rear (12-volt on-board power socket and 2 x USB-C ports for charging devices)
- Glazing: Sun protection glazing, tinted (rear window, rear door and side windows tinted)
- Reversing camera (Within the system's limits, the reversing camera captures the area behind the vehicle and displays it on the MMI screen using dynamic display elements. The system allows a choice between perpendicular parking mode and trailer mode (in conjunction with a factory-installed trailer hitch). Depending on the selected mode, the calculated driving lane or a guide line for coupling a trailer is displayed. The reversing camera is discreetly integrated into the tailgate handle.)
- Seat covers in fabric Puls/artificial leather mono.pur 550 combination
- Seats: Driver's seat electrically adjustable (with electric adjustment of seat height, seat longitudinal position, seat tilt and backrest tilt for the driver's seat - passenger seat manually adjustable)

Brief expert findings

Documents submitted	At the time of the inspection, the vehicle registration certificate Part 2 (title) was available, but the vehicle registration certificate Part 1 (document) was not. (Copy)
VIN comparison	The vehicle identification number (VIN) was read from the vehicle and its conformity with the submitted documents was confirmed by the undersigned during the inspection.
Inspection	The inspection conditions were sufficient for the assessment of the vehicle. Lifting equipment and/or a pit were available for examining the vehicle.
Test drive	No test drive/shunting maneuver was carried out during the inspection of the vehicle.
Engine function test	An engine test run was performed.
readiness to drive	The vehicle was roadworthy at the time of inspection.

Value reducing factors

No.	Component group	Description
1	Door - rear left side	Door handle - inside - Scratch(es) - Loss in value
2	Boot lid / rear door	Boot lid - dent(s) - Smart repair
3	Side panel - rear left side	Wheel well extension - Scratch(es) - Smart repair
4	Front bumper	Spoiler - Scratch(es) - Smart repair
5	Misc.	Main inspection - Due - Perform
6	Seat - front	Seat cover - left side - Abrasion - Loss in value
7	Side panel - rear left side	Interior trim - Deformed - Replace
8	Misc.	Inspection / maintenance - Due - Perform
9	Vehicle glazing	Windscreen - Stone chips - Replace

Wear and tear

No.	Component group	Description
1	Bonnet	Bonnet - Stone chips - No deduction
2	2nd wheel set	Tyres - complete set - Worn - No deduction
3	Body	Body (Flugrost) - No deduction

The vehicle shows signs of wear and tear commensurate with its age and use.

Missing parts

Description

Documents - Log book

Previous damages

No.	Previous damage	Extent of damage (Net)
1	Front, Provided by user / customer, from 15 Dec 2023	801,31 €
2	Front, Side - left, Provided by user / customer, from 18 Sept 2024	22.959,80 €

Repainting

No. Repainting

1 Bonnet, Professionally carried out, Invoice of repair done Non-existent

Paint coat thickness measurement

Bonnet 185 µm

Order/Scope of Order

An order was placed to prepare a sales report for the described vehicle. This report includes the following:

- Description of key vehicle information
- Documentation of equipment features
(*Delivery by third-party service providers*)
- Documentation of damage, defects, missing parts
- Documentation of prior damage, unrepaired prior damage, repainting
- A brief visual or functional inspection of the equipment details, if possible.
(*Functional testing of driver assistance systems is not included in the scope of services!*)
- a photographic documentation of the vehicle

Basis for the order

This product is based on the guidelines for vehicle returns and valuations published by Alphabet Fleet GmbH. The expert makes the specific findings in each individual case objectively, within the framework of the prescribed standards, based on their own expertise.

The vehicle inspection takes place in a fully assembled, unassembled state.

Damage or defects that can only be detected during disassembly/diagnostic work or through further investigation remain within the realm of prognostic risk. An increased risk exists due to concealed defects caused by fraudulent misrepresentation and which were not identifiable by the expert.

Damage or defects resulting from normal use or wear and tear of the vehicle will be accepted in accordance with the applicable standard.

There was no explicit identification or monetary consideration of the expected features within the product.

Features which, in their nature and extent, slightly exceed normal use but do not constitute unacceptable damage, will be documented and indicated as signs of wear, if applicable.

Damage or defects that, according to the applicable standard, can no longer be attributed to normal use or wear and tear are listed under "Value Reducing Factors" in the product description.

Depending on the product specification, a monetary ID can be provided. If this takes place, the costs can be 100% d or pro rata depending on the vehicle's age and mileage.

Previous damages

According to available information previous damages were repaired at the vehicle. Traces of repairs, which allow conclusions about the area of repair, were not recognizable during the inspection.
